- A. The name of the person to whom the license is issued;
- B. The business licensed;
- C. The place where such business is to be transacted and carried on;
- D. The date of the expiration of such license; and
- E. Such other administrative information as may be necessary for the enforcement of the provisions of this title. (Prior code § 1-5.23)

5.08.020 Application—First license.

A. Upon a person making an application for the first license to be issued hereunder or for a newly established business, such person shall furnish to the collector a sworn statement, upon a form provided by the collector, setting forth the following information:

1. The exact nature or kind of business for which a license is requested;
2. The place where such business is to be carried on, and if the same is not to be carried on at any permanent place of business, the places of residence of the owners of same;
3. If the applicant is the owner of a real estate office, the applicant shall either: (a) include all inde-

pendent agent's/broker's gross receipts on the application, or (b) if not including independent agent's/broker's gross receipts, then the applicant shall set forth the names of all agents and brokers working from said location;

4. Landlords.

a. Residential Landlords. If the applicant rents three or more residential dwelling units, regardless of whether the units are in one building, the applicant shall set forth the addresses of all the units and is subject to the tax on the gross receipts for all such units without any exclusions. An applicant may request that a single business license be issued for all of the dwelling units.

b. Commercial Landlords. If the applicant rents any nonresidential property, a separate business license for each location is required. On the application, the applicant shall list the names of all tenants on the property;

5. If the applicant is a partnership, the application shall set forth the names and places of residences of the partners thereof;

6. If the applicant is a corporation, the applicant shall set forth the name, address and telephone number of the agent of process service thereof;

7. The application shall set forth such information as may be therein required and as may be necessary to determine the amount of the license tax to be paid by the applicant;

8. Any further administrative information which the collector may require to enable him or her to issue the type of license applied for;

No less than three months in advance of the event, the promoter has the option either to pay only on the promoter's gross receipts and provide the collector with a list of all participating vendors, including the vendors' mailing addresses, telephone numbers, and their estimated gross receipts from the event or to pay a set amount of \$300.00 per event. If the promoter chooses to supply the collector with the list of all participating vendors and the collector is unable to collect the business license tax from a vendor, the promoter will be responsible for such tax.

B. With the exception of developers/general contractors, the applicant shall estimate the gross receipts for the period to be covered by the license to be issued. As to an applicant who is a developer/general contractor, the applicant shall include an estimated sales price of each property for sale during the period to be covered by the license to be issued. As to a general con-

tractor hired by an owner-builder, the applicant shall include an estimated value of the project. Such estimate, if accepted by the collector as reasonable, shall be used in determining the amount of license tax to be paid by the applicant. In the event that the collector finds the estimate submitted by the applicant to be unreasonable, the collector shall notify the applicant thereof in writing. Within 30 days following receipt of such written notification, the applicant shall furnish the collector with a written verification by a certified public accountant as to the range of gross receipts during the period of such license, and the license tax for such period shall be finally ascertained and paid in the manner provided by this title for the ascertaining and paying of renewal license taxes for other businesses, after deducting from the payment found to be due, the amount paid at the time such first license was issued.

C. (Ord. 1550 § 3, 1992; prior code § 1-5.25)

5.08.040 Statements and records.

A. No statements shall be conclusive as to the matters set forth therein, nor shall the filing of the same preclude the city from collecting by appropriate action such sum as is actually due and payable hereunder.

B. If the collector deems it necessary in order to ascertain the amount of the license tax due, the collector may require the applicant or licensee to submit a verification by written statement to confirm as true and correct the reported amount of gross receipts or operating expenses; after which the collector may require further verification by a certified public accountant or similar agent of the applicant or licensee attesting to the financial information, including, but not limited to, federal and state income tax returns, financial statements and other financial reports. Article I. General Provisions

18.76.010 Purpose.

The city is located in the Livermore-Amador Valley. Within the city's incorporated boundaries and within its sphere of influence are a series of major and minor hills. These hills constitute a significant topographical feature of the community because they are visible to all persons traveling on I-580 and I-680, as well as to citizens residing in and around the community. Although most of the development within the city, caused by the migration of substantial numbers of people, has occurred in the flatlands, some development has occurred in the hills and more development in the hills will occur in the future. In order to insure that a harmonious visual and functional relationship will exist between the existing natural hillside environment and the growing manmade environment, development standards specifically designed for hillside development are required. It is therefore the declared intent of the city that appropriate undeveloped land in hillside areas be placed in a hillside planned development district to be identified by the initials H-P-D, in order to accomplish the following:

- A. To preserve significant features of a hill area in essentially their natural state as part of a comprehensive open space system;
- B. To encourage in hill areas an alternative approach to conventional flatland practices of development;
- C. To minimize grading and cut and fill operations consistent with the retention of the natural character of the hill areas;
- D. To minimize the water runoff and soil erosion problems incurred in adjustment of the terrain to meet on-site and off-site development needs;
- E. To achieve land use densities that are in keeping with the general plan; however, in order to retain the significant natural features of the hill areas, densities will diminish as the slope of the terrain increases;

18.76.020

- F. To insure that the open space as shown on any development plan is consistent with the open space element shown on the general plan; and
- G. To preserve the predominant views both from and of the hill areas and to retain the sense of identity and imageability that these hill areas now impart to the city and its environs. (Prior code § 2-2.3201)

18.76.020 Permitted uses.

The following uses may be permitted in the H-P-D district:

- A. Single-family dwellings and planned unit developments;
- B. Recreation facilities, either for general public use or for the exclusive use of the residents of the subdivision or series of subdivisions of which the recreation facilities are a part;
- C. Recreational vehicle storage, stables, day nurseries, child care centers and managerial offices where any such use is owned by and used exclusively for the residents of the subdivision or series of subdivisions which contain such use;
- D. Schools, public or private, attendance at which satisfied the compulsory laws of the state;
- E. Churches and similar religious institutions;
- F. Public facilities, such as administrative offices and similar uses, but not including storage yards, corporation yards, or similar uses;
- G. Employee housing (agricultural) that complies with California Health and Safety Code Sections 17008, 17021.5 and the other applicable provisions of the Employee Housing Act at California Health and Safety Code Section 17000 et seq., and to include a residential safety management plan;
- H. Supportive housing that provides shelter for six or fewer persons in a dwelling unit, subject to the provisions of Chapter 18.107;
- I. Transitional housing that provides shelter for six or fewer persons in a dwelling unit, subject to the provisions of Chapter 18.107;
- J. Other uses accessory to any permitted use. (Ord. 2062 § 2, 2013; Ord. 2061 § 2, 2013; prior code § 2-2.3202)

18.76.030 Conditional uses.

Agricultural uses may be permitted in the H-P-D district subject to the granting of a use permit pursuant to the procedure and criteria specified in Chapter 18.124 of this title. (Prior code § 2-2.3203)

18.76.040 Permit required.

- A. Property zoned pursuant to the provisions of this chapter shall neither be developed nor shall any grading permit be issued pursuant to any provisions of this code until a hillside planned development (H-P-D) permit has been obtained pursuant to the provisions of Article II of this chapter.
- B. As used in this section, “developed” means the submittal of any plans required by this code prior to the commencement of construction of any improvements, excepting therefrom those permitted by Section 18.76.070. (Prior code § 2-2.3204)

18.76.050 Property development standards.

The following property development standards shall apply to the H-P-D district:

- A. Dimensions. There shall be no minimum yards, lot area, lot width, lot frontage or distance between buildings or maximum lot coverage except as may be required by an approved H-P-D permit.
- B. Building Height. No building shall exceed two stories in height, exclusive of covered parking in the same structure.

C. Parking.

1. Quantity. For residential use there shall be not less than two covered parking spaces designated for the exclusive use of the occupant of every dwelling unit. In addition to covered parking spaces there shall be a quantity of open parking spaces not in driveways, equal to or greater than the number of dwelling units.
2. Location. The open parking spaces required by subsection (C)(1) shall be located within two hundred feet of every dwelling unit provided the terrain is appropriate for such placement. Wherever possible, open space parking shall be placed in groups, if six or more spaces are required; groupings may include parking within street rights-of-way, parking bays, and small parking lots, or any combination of the above.

Chapter 18.86

REASONABLE ACCOMMODATION

Sections:

- 18.86.010 Purposes.**
- 18.86.020 Applicability.**
- 18.86.030 Review authority.**
- 18.86.040 Requesting reasonable accommodation.**
- 18.86.050 Review procedures.**
- 18.86.060 Findings and decision.**
- 18.86.070 Discussion of alternatives.**
- 18.86.080 Appeal of decision.**
- 18.86.090 Rescission of grants of reasonable accommodation.**

18.86.010 Purposes.

This chapter provides a procedure to request reasonable accommodation for persons with disabilities seeking equal access to housing under the Federal Fair Housing Act, the California Fair Employment and Housing Act, and the California Unruh Civil Rights Act (hereinafter “Fair Housing Laws” or “Laws”) in the application of zoning laws and other land use regulations, policies and procedures. (Ord. 2060 § 2, 2013)

18.86.020 Applicability.

Persons protected under the Fair Housing Laws may request reasonable accommodations when the strict application of the zoning regulations acts as a barrier to fair housing opportunities. A person with a disability is a person who has a physical or mental impairment that limits or substantially limits one or more major life activities, anyone who is regarded as having such impairment or anyone who has a record of such impairment. This chapter is intended to apply to those persons who are defined as disabled under the laws.

A request for reasonable accommodation may include a modification or exception to the rules, standards and practices for the siting, development and use of housing or housing-related facilities that would eliminate regulatory barriers and provide a person with a disability the equal opportunity to housing of their choice. Requests for reasonable accommodation shall be made in the manner prescribed by Section 18.86.040 (Requesting reasonable accommodation).

Modifications requested under this chapter shall apply only to residential properties and may be applied to both single dwelling units and multi-family units. (Ord. 2060 § 2, 2013)

18.86.030 Review authority.

- A. Director of Community Development. Requests for reasonable accommodation shall be reviewed by the director of community development or designee (collectively hereafter the director) if no approval is sought other than the request for reasonable accommodation.
- B. Other Review Authority. Requests for reasonable accommodation submitted for concurrent review with another discretionary land use application shall be reviewed by the authority reviewing the discretionary land use application. (Ord. 2060 § 2, 2013)

18.86.040 Requesting reasonable accommodation.

- A. A request for reasonable accommodation shall be filed on the application form provided by the community development department except, if necessary to ensure accessibility, the applicant may request an alternative format. The applicant may be the person with the disability or his or her representative. The application shall be signed by the owner of the property and shall provide the following information:
 - 1. The applicant’s name, address and telephone number.

2. Address of the property for which the request is being made.
 3. The current actual use of the property.
 4. The basis for the claim that the individual is considered disabled under the Fair Housing Laws.
 5. The zoning code provision, regulation or policy from which reasonable accommodation is being requested.
 6. Why the reasonable accommodation is necessary to make the specific property accessible to the individual.
- B. Review with Other Land Use Applications. If the project for which the request for reasonable accommodation is being made also requires some other discretionary approval (including, but not limited to: conditional use permit, design review, general plan amendment, zone change, annexation, etc.), then the applicant shall file the information required by subsection A for concurrent review with the application for discretionary approval.
- C. If an individual needs assistance in making the request for reasonable accommodation the department shall provide the assistance necessary to ensure that the process is accessible to the applicant. (Ord. 2060 § 2, 2013)

18.86.050 Review procedures.

- A. Director Review. The director shall make a written determination within 45 days and either grant, grant with modifications, or deny a request for reasonable accommodation in accordance with Section 18.86.060 (Findings and decision).
- B. Other Reviewing Authority. A written determination on whether to grant, grant with modifications or deny the request for reasonable accommodation shall be made by the authority responsible for reviewing the discretionary land use application in compliance with the applicable review procedure for the discretionary review. The written determination regarding the request for reasonable accommodation shall be made in accordance with Section 18.86.060 (Findings and decision). (Ord. 2060 § 2, 2013)

18.86.060 Findings and decision.

- A. Findings. The written decision regarding a request for reasonable accommodation will be consistent with the Fair Housing Laws and shall be based on consideration of the following factors:
1. Whether the housing, which is the subject of the request, will be used by an individual disabled under the Fair Housing Laws.
 2. Whether the request for reasonable accommodation is necessary to make specific housing available to an individual with a disability under the Fair Housing Laws.
 3. Whether the requested reasonable accommodation would impose an undue financial or administrative burden on the city.
 4. Whether the requested reasonable accommodation would require a fundamental alteration in the nature of a city program or law, including, but not limited to, land use and zoning.
 5. Potential impact on surrounding uses.
 6. Physical attributes of the property and structures.
 7. Alternative reasonable accommodations which may provide an equivalent level of benefit.
- B. Conditions of Approval. In granting a request for reasonable accommodation, the reviewing authority may impose any conditions of approval deemed reasonable and necessary to ensure that the reasonable accommodation would comply with the findings required by subsection A. (Ord. 2060 § 2, 2013)

18.86.070 Discussion of alternatives.

If there is a determination to deny a request, the director shall discuss with applicant whether there is an alternative accommodation that would effectively address the applicant's disability-related needs. Such discussion of alternatives is an interactive process with director and applicant, but still allows for an immediate appeal of the decision as

18.86.080

provided in Section 18.86.070, and any such alternative may also require approval by other reviewing authority as provided in Section 18.86.050(B). (Ord. 2060 § 2, 2013)

18.86.080 Appeal of decision.

A determination regarding a request for reasonable accommodation may be appealed as provided in Chapter 18.144 (Appeals) of this title. (Ord. 2060 § 2, 2013)

18.86.090 Rescission of grants of reasonable accommodation.

Any approval or conditional approval of an application under this chapter may be conditioned to provide for its rescission or automatic expiration under appropriate circumstances. (Ord. 2060 § 2, 2013)

The number of parking spaces prescribed in this chapter or to be prescribed by the zoning administrator shall be in proportion to the need for such facilities created by the particular type of land use. Off-street parking areas are to be laid out in a manner that will ensure their usefulness, protect the public safety, and, where appropriate, insulate surrounding land uses from their impact. (Prior code § 2-9.14)

18.88.020 Basic requirements.

- A. Unless otherwise provided for by this chapter, at the time of initial occupancy, major alteration, or enlargement of sites, or of completion of construction of a structure or of a major alteration or enlargement of a structure, there shall be provided off-street parking facilities for automobiles in accordance with the schedule of off-street parking space requirements prescribed in Section 18.88.030 of this chapter. Except as modified in subsection D of this section, the terms “major alteration” or “enlargement” shall mean a change of use or an addition which would increase the number of parking spaces required by not less than 10 percent of the total number required. The number of parking spaces provided for a major alteration or enlargement of a site or structure shall be in addition to the number existing prior to the alteration or enlargement, unless the preexisting number is greater than the number prescribed in Section 18.88.030 of this chapter, in which instance the number in excess of the prescribed minimum shall be counted in calculating the number provided to serve the major alteration or enlargement.
- B. If, in the application of the requirements of this chapter, a fractional number is obtained, one parking space shall be provided for a fraction of one-half or more, and no parking space shall be required for a fraction of less than one-half.
- C. For a use not specified in Section 18.88.030 of this chapter, the number of off-street parking spaces required shall be determined by the zoning administrator, based upon an analysis of other jurisdictions’ experiences with that type of use or upon an analysis of similar uses specified in Section 18.88.030 of this chapter.
- D. For property zoned C-C or O and located within the downtown revitalization district as shown in Chapter 18.74 of this title, the following requirements shall modify the basic requirements of subsection A of this section:
 - 1. A change of use shall not constitute a “major alteration” or “enlargement” if the age of the building in which the use is located is greater than five years, according to city records.

2. When a certificate of appropriateness is approved for demolition of a commercial structure, or design review approval is given to a new commercial structure replacing one which was destroyed by fire, earthquake, act of God, the public enemy, or other calamity, the replacement structure shall receive a parking credit for the floor area of the original structure when one of the following is met, at the discretion of the approving body: (a) the approving body determines that the replacement structure would have the same architectural style as the original structure in terms of design, materials, massing, and detailing, or (b) the approving body determines that the replacement structure will be an architectural improvement compared to the existing structure and will preserve or enhance the overall character of the area. Additional floor area of the replacement structure which exceeds the floor area of the original structure shall be subject to the requirements of subsection A of this section, and parking shall be provided accordingly.
3. The following provisions shall apply to privately owned parking facilities held open to the public:
 - a. The city council may waive the provision of additional off-street parking facilities and/or in lieu parking fees for building expansions which would increase the number of required parking spaces by 10 percent or more and/or for proposed new building construction if the property owner allows the existing parking on the property to be open to the public. Such waivers shall only be available to parking lot owners who participate in any program which may be established by the city council with the objective of encouraging employee parking in public parking lots or other parking areas designated by the city for employee parking, or who otherwise devise an employee parking plan with such an objective which is approved by the city council. Other consideration for waiver will include access, circulation, the number of resulting parking spaces serving the building, the effect on adjacent parking lots, and whether or not an unreinforced masonry building upgrade is involved.
 - b. Uses for which a parking waiver under this section is not granted may provide parking at the reduced rate of one space for each 400 square feet of gross floor area, except for office uses on sites with frontage on Main Street, which shall meet the requirements of Section 18.88.030(F) of this chapter.
 - c. Under this subsection, new construction or building expansions shall not exceed a basic floor area ratio of 200 percent and shall not exceed two stories in height.
 - d. When any property owner receives such a parking waiver or parking reduction, if the property later reverts to private use, the owner would then become responsible to provide the required parking and/or in lieu fee in effect at the time of the reversion to private use, such that the parking rate of one space for each 300 square feet of gross building area is met.
- E. For property with unreinforced masonry buildings, the following shall modify the basic requirements of subsections A and D of this section:
 1. Unreinforced masonry buildings of primary or secondary significance which are located on property zoned C-C and within the downtown revitalization district boundaries as shown on the zoning maps on file with the city may be expanded up to a basic floor area ratio of 200 percent without providing any additional off-street parking facilities and/or in lieu parking fees if the building is reinforced to comply with the requirements of Chapter 20.52 of this code.
 2. Property owners with building expansions exempt from the off-street parking requirement as stated in subsection (E)(1) of this section shall not significantly alter the existing façades of buildings of primary or secondary significance nor eliminate existing parking unless such elimination is necessary, as determined by the zoning administrator, to allow the retention of the façades of a building of primary or secondary significance. Building expansions shall not exceed two stories in height. (Ord. 1898 § 1, 2003; Ord. 1586 § 10, 1993; Ord. 1156 § 1, 1984; prior code § 2-9.15)

2. Full sized parking spaces shall meet the minimum dimensions prescribed in Table 18.88.040 of this section.
 3. Compact car parking spaces may be allowed in off-street parking facilities subject to approval by the city. If more than one drive is proposed on a corner lot, the superintendent of streets may approve an encroachment permit if he or she finds that the proposal is consistent with the objectives of this chapter and will not create an unsafe condition for pedestrians and drivers.
 - F. In an RM district, a pedestrian walk separated from a parking space, aisle, or access drive by at least four feet of landscaped space shall extend from the front lot line to each dwelling unit, and no parking space, aisle, or access drive shall be closer than six feet to an entrance to a dwelling unit or to a window opening into a habitable room having a floor level less than eight feet above the parking space, aisle or access drive.
 - G. No off-street parking space provided in compliance with Section 18.88.030 of this chapter shall be located in a required front yard or in a required side yard on the street side of a corner lot and not more than two spaces per site shall be located so as to necessitate use of a required front yard or a required side yard on the street side of a corner lot for backing.

(Ord. 2000 § 1, 2009; prior code § 2-9.17)

18.88.050 Location.

- A. In all districts except the C-C and P districts, off-street parking facilities prescribed in Section 18.88.030 of this chapter shall be located on the same site as the use for which the spaces are required or on an adjoining site or a site separated only by an alley from the use for which the spaces are required.
- B. In a C-C or P district, a use permit may be granted to permit off-street parking facilities prescribed in Section 18.88.030 of this chapter to be separated from the site of the use for which the spaces are required, if located within 300 feet of the site, measured by the shortest route of pedestrian access, provided that the planning commission shall find that the parking site is not in conflict with the Pleasanton central district development plan adopted by the city council. (Prior code § 2-9.18)

18.88.060 More than one use on site or adjoining site.

If more than one use is located on a site, on adjoining sites, or sites separated only by an alley, and in the C-C and P districts within 300 feet of the site, the number of parking spaces provided shall be equal to the sum of the requirements prescribed in this chapter for each use except that the total number of spaces may be reduced when the hours of operation of at least two of the uses are discrete. "Discrete uses" are defined as those which:

- A. Are not in operation at the same time; and
- B. The hours of operation are or may be controlled by conditional use permits; and
- C. The uses share the same off-street parking facility.
- D. The total number of spaces otherwise required may be reduced by not more than the parking requirement of the discrete use requiring the fewer parking spaces. (Prior code § 2-9.19(1))

18.88.070 Off-street parking facilities to serve one use.

Off-street parking facilities for one use shall not be considered as providing off-street parking facilities for any other use, except as provided in Section 18.88.090 of this chapter, and except that property owners may lease or rent excess parking spaces on a site to other property owners within 300 feet of the site upon approval of a use permit as provided for in Section 18.88.050 of this chapter. Excess parking spaces are those spaces which are over and above the minimum required for the use or uses on the site. The planning commission shall deny a use permit to lease or rent excess parking spaces if it finds that the nature of the use or uses on the donor site requires the use of the excess parking spaces. (Ord. 1898 § 1, 2003; prior code § 2-9.19(2))

This chapter is intended to comply with state law, and adopt the reasonable standards allowed by state law to provide that cottage food operations in residential areas do not create unreasonable impacts. (Ord. 2056 § 1, 2013)

18.105.020 Procedure.

Applications for cottage food operations shall be processed in accordance with the provisions of this chapter. (Ord. 2056 § 1, 2013)

An application for a permit to engage in a cottage food operation shall be filed with the zoning administrator on a form prescribed by the city and shall include the following information and maps:

- A. Name and address of the applicant, who must be the proposed cottage food operator (the individual who proposes to operate the cottage food operation in his or her private residence and is the owner of the cottage food operation) (see California Health and Safety Code Section 113758(b)(2));
- B. Statement of whether the applicant is the owner or a tenant of the property on which the use is proposed to be located; and if a tenant, the name and contact information for the property owner, landlord, or management company; as well as the signature of the property owner, landlord or management company consenting to the application;

- F. Statement of whether the proposed use will involve: (1) direct sales to customers of cottage food products at the property, (2) direct sales to customers off-site, (3) direct sales at temporary off-site events such as holiday bazaars, bake sales, food swaps, farm stands, etc., (4) indirect sales to third party retailers at the property, (5) indirect sales to third party retailers off-site, and (6) any other mode(s) or location(s) of sales;
- G. Statement of whether any applicable covenants, conditions or restriction applicable to the property allow cottage food operations or similar home occupations;
- H. Statement indicating the precise manner of compliance with each of the applicable provisions of this chapter, together with any other data pertinent to the findings prerequisite to the granting of a permit, prescribed in Section 18.105.050 of this chapter;

The zoning administrator may require additional information, plans and drawings if they are necessary to determine whether the proposed use will comply with all of the applicable provisions of this chapter. The zoning administrator may authorize omission of any or all of the plans and drawings required by this section if they are not necessary.

Applicant has the right to request a fee verification for any fee paid pursuant to this chapter. (See California Government Code Section 51035.) (Ord. 2056 § 1, 2013)

18.105.040 Action of zoning administrator.

After submittal of the information required by Section 18.105.030 and review of the application for compliance with the standards set forth in Section 18.105.050, the zoning administrator shall approve, approve in modified form, or deny the application. The zoning administrator shall grant the permit if the proposed cottage food operation, as applied for or as modified, complies with the standards set forth in Section 18.105.050. Any action of the zoning administrator may be appealed to the planning commission. (Ord. 2056 § 1, 2013)

18.105.050 Standards.

Cottage food operations shall be required to meet the following requirements:

- A. Spacing. No cottage food operation shall be approved if: (1) the property line of the site of the proposed use is located within 300 feet and on the same street or the corner of a cross-street of the property line of any single-family home where another cottage food operation is located; or (2) if the proposed use is located within the same building of an apartment complex or other multi-family housing (i.e., condominiums or townhomes) where another cottage food operation exists.
- B. Parking and Loading Requirements. For single-family homes, parking spaces in the property’s garage or carport (if present) and driveway shall be provided for the actual parking demand created by the use, including parking spaces for the applicant’s own vehicles, parking spaces for employees if employees are present, and one parking space for customers if direct sales on the property are proposed. For apartments and multifamily developments, the cottage food operator’s designated space(s) shall be available for the actual parking demand created by the use, including parking spaces for the applicant’s own vehicles, parking spaces for employees if employees are present, and one parking space for customers if direct sales on the property are proposed. On-site parking in an apartment complex or other multi-family residence requires approval from the property owner, landlord, homeowners association or property manager.

On-street parking spaces may be used for persons picking-up and/or delivering materials for the operation and third party retailers coming to the property if proposed.

If the proposed operation will involve loading of food products into vehicles, such loading may occur anytime within an enclosed garage when the garage door is shut. Hours for loading vehicles outside of a garage are limited from 8:00 a.m. to 6:00 p.m. Monday through Friday, and 10:00 a.m. to 4:00 p.m. on Saturday and Sunday. Vehicles shall not idle when being loaded.

- C. Noise Control. Cottage food operations shall not create noise levels in excess of those allowed in the applicable residential areas in the noise element of the general plan or in excess of those allowed in residential property by Chapter 9.04 of this code.
- D. Size. Cottage food operations shall occupy no more of a residence than the lesser of: (1) 30 percent of the floor area of the dwelling excluding garage area; or (2) the area permitted by the Alameda County department of environmental health food safety division.

- E. No Signage or Outdoor Sales. Cottage food operations shall not install or post signage or advertisements identifying the cottage food operation at the site or building where the operation is located. No outdoor sales shall be allowed at the site of the cottage food operation.
- F. No Dining. If direct sales are proposed at the site of the cottage food operation, no third parties or customers shall be permitted to dine at the cottage food operation.
- G. Code Requirements. While the use of a residence for a cottage food operation shall not constitute a change of occupancy for purposes of building and fire codes, to the extent that building modifications are proposed (e.g., more walls for storage areas, new electrical panel for range) the cottage food operation shall meet all requirements of Title 20 (Buildings and Construction). (Ord. 2056 § 1, 2013)

18.105.060 Additional procedures.

The regulations concerning effective date of the permit, review or appeal, lapse of permit, suspension and revocation, new application and successors in interest shall be those contained in Section 18.144.020. Modifications shall be handled by the zoning administrator pursuant to the procedures set forth in this article for new applications. (Ord. 2056 § 1, 2013)

* **Prior ordinance history:** Ord. 1812 § 1, 2000.

18.106.010 Purpose.

Second units are a valuable form of housing in the city. These units meet the city's general plan housing policies related to: attaining a variety of housing types; providing housing stock to lower income households; including lower income housing units within market rate housing projects; providing alternative, nontraditional means suited to the community to fill lower and moderate income housing needs; meeting the city's share of regional housing needs; providing a means to assist homeowners in financing the acquisition of a home; and providing security to homeowners living alone.

The further purpose of this chapter is to comply with the requirements of Assembly Bill 1866 (2002) codified in California Government Code Section 65852.2. To do so, this chapter identifies those zoning districts where a second unit meeting enumerated standards to ensure neighborhood compatibility is a permitted use in that district. (Ord. 1885 § 2, 2003)

18.106.020 Use requirements.

- A. A second unit is a permitted use in the R-1 one-family residential district, RM multi-family residential district, planned unit developments zoned for residential uses and A agricultural district, if the original unit is a legal single-family dwelling unit and the second unit meets all of the standards set forth in Section 18.106.060 of this chapter and the applicable site standards in Section 18.106.040 of this chapter for attached second units and in Section 18.106.050 of this chapter for detached second units. A public hearing for design review purposes only shall be held if required by Chapter 18.20 of this title.

 - 2. Floor plans of the entire structure with each room dimensioned and the resulting floor area calculated. The use of each room shall be identified.
 - 3. Deed restriction completed as required, signed and ready for recordation.
- C. When the site development regulations of this chapter (e.g., height, setback, size of the second unit) conflict with specific regulations in a planned unit development or specific plan for second units (not simply regulations for general class I accessory structures), the planned unit development and specific plan shall control. (Ord. 2000 § 1, 2009; Ord. 1885 § 2, 2003)

In this instance, the gross floor area of the existing main dwelling unit is the size of the unit prior to the second unit addition/conversion.
- C. Except as modified by this chapter, all other regulations embodied in the zoning of the property for main dwellings shall apply to the development of attached second units. (Ord. 1885 § 2, 2003)

- A. Detached second units shall not exceed 15 feet in height and shall be limited to one-story structures.
- B. Detached second units shall be subject to the following minimum setback requirements:

Zoning District	Side Yard Setback	Rear Yard Setback
One-family residential lots in the R-1-40,000 district and in planned unit developments which follow the site development standards of the R-1-40,000 district	20 feet	20 feet

- E. The second unit shall have access to at least 80 square feet of open space on the lot.
- F. The resident owner shall install address signs that are clearly visible from the street during both daytime and evening hours and which plainly indicate that two separate units exist on the lot, as required by the fire marshal. The resident owner shall obtain the new street address for the second unit from the planning division.
- G. Adequate roadways, public utilities and services shall be available to serve the second unit.
- H. The owner of the lot on which a second unit is located shall participate in the city's monitoring program to determine rent levels of the second units being rented.

The property contains an approved second unit pursuant to Chapter 18.106 of the Pleasanton Municipal Code and is subject to the restrictions and regulations set forth in that Chapter. These restrictions and regulations generally address subdivision and development prohibitions, owner occupancy and lease requirements, limitations on the size of the second unit, parking requirements, and participation in the city's monitoring program to determine rent levels of the second units being rented. Current restrictions and regulations may be obtained from the city of Pleasanton planning division. These restrictions and regulations shall be binding upon any successor in ownership of the property.

Within 10 days following the date of a decision of the planning commission on a use permit application, the secretary shall transmit written notice of the decision to the city council and to the applicant. A use permit shall become effective 15 days following the date on which the use permit was granted or on the day following the next meeting of the council, whichever is later, unless an appeal has been taken to the council, or unless the council shall elect to review the decision of the commission. A use permit shall become effective immediately after it is granted by the council. (Prior code § 2-11.09)

18.124.090 Review or appeal.

The city council may elect to review a decision of the planning commission as prescribed in Section 18.144.010 of this title, or a decision of the commission may be appealed to the city council by the applicant or by any other person as prescribed in Section 18.144.020 of this title. An appeal shall be heard and acted upon as prescribed in Sections 18.144.030 and 18.144.040 of this title. (Prior code § 2-11.10)

18.124.100 Lapse of use permit.

A use permit shall lapse and shall become void one year following the date on which the use permit became effective, unless prior to the expiration of one year a building permit is issued and construction is commenced and diligently pursued toward completion on the site which was the subject of the use permit application, or a certificate of occupancy is issued for the structure which was the subject of the use permit application, or the site is occupied if no building permit or certificate of occupancy is required, or the applicant or his or her successor has filed a request for extension with the zoning administrator pursuant to the provisions of Section 18.12.030. (Prior code § 2-11.11)

18.124.110 Preexisting conditional uses.

- A. A conditional use legally established prior to the effective date of the ordinance codified in this chapter, or subsequent amendments thereto, shall be permitted to continue, provided that it is operated and maintained in accord with the conditions prescribed at the time of its establishment, if any.
- B. Alteration or expansion of a preexisting conditional use shall be permitted only upon the granting of a use permit as prescribed in this chapter, provided that alterations not exceeding \$1,500.00 in value as determined by the building inspector shall be permitted without the granting of a use permit.
- C. A use permit shall be required for the reconstruction of a structure housing a preexisting conditional use if the structure is destroyed by fire or other calamity, by act of God, or by the public enemy to a greater extent than 50 percent. The extent of damage or partial destruction shall be based upon the ratio of the estimated cost of restoring the structure to its condition prior to such damage or partial destruction to the estimated cost of duplicating the entire structure as it existed prior thereto. Estimates for this purpose shall be made by or shall be reviewed and approved by the community development director. (Ord. 2000 § 1, 2009; prior code § 2-11.12)

18.124.120 Modification of conditional use.

- A. Sections 18.124.020 through 18.124.090 of this chapter shall apply to an application for modification, expansion, or other change in a conditional use, provided that minor revisions or modifications may be approved by the zoning administrator if he or she determines that the changes would not affect the findings prescribed in Section 18.124.070 related to findings. If requested by the applicant, the zoning administrator shall modify all existing conditional use permits for bars which are: (1) in the downtown hospitality central core area and downtown hospitality transition area; and (2) which are proposed to be consistent with the downtown hospitality guidelines, as determined by the zoning administrator.
- B. For a bar or special downtown accessory entertainment use in the downtown hospitality central core and downtown hospitality transition area, if requested by the applicant, the zoning administrator shall modify all applicable sections of an existing conditional use permit related to subsequent planning commission review to include and be consistent with the following: notification of conditional use permit and noise standard violations verified by city enforcement staff shall be provided to the planning commission by city staff; the planning commission may schedule a public hearing to re-review the conditional use permit; and at the public hearing the planning commission may revoke or may modify a business' conditional use permit to require additional measures such as noise monitoring by the business owner if there was a noise violation.
- C. If the zoning administrator approves a modification of a conditional use permit for a bar in the downtown hospitality central core area or downtown hospitality transition area, he or she shall notify the planning commission and city council of the modification within ten days of the approval. (Ord. 2055 § 2, 2012; prior code § 2-11.13)

18.124.130 Suspension and revocation.

Upon violation of any applicable provision of this chapter, or, if granted subject to conditions, upon failure to comply with conditions, a use permit shall be subject to suspension or revocation. The planning commission shall hold a public hearing within a reasonable time to consider such suspension or revocation in accord with the procedure prescribed in Section 18.124.040, and if not satisfied that the regulation, general provision or condition is being complied with, may suspend or revoke the use permit or take such action as may be necessary to ensure compliance with the regulation, general provision or condition. Within 10 days following the date of a decision of the commission suspending or revoking a use permit, the secretary shall transmit to the city council written notice of the decision. The decision shall become final 15 days following the date on which the use permit was suspended or revoked or on the day following the next meeting of the council, whichever is later, unless an appeal has been taken to the council, or unless the council shall elect to review and decline to affirm the decision of the commission, in which cases Section 18.124.090 shall apply. (Ord. 2065 § 1, 2013; prior code § 2-11.14)

18.124.140 Denial—New application.

Following the denial of a use permit application or the revocation of a use permit, no application for a use permit for the same or substantially the same conditional use on the same or substantially the same site shall be filed within one year from the date of denial or revocation of the use permit. (Prior code § 2-11.15)

18.124.150 Use permit to run with land.

A use permit granted pursuant to the provisions of this chapter shall run with the land and shall continue to be valid upon a change of ownership of the site or structure which was the subject of the use permit application. (Prior code § 2-11.16)

18.124.160 Application with zoning reclassification.

Application for a use permit may be made at the same time as application for a change in district boundaries including the same property, in which case the planning commission shall hold the public hearing on the zoning reclassification and the use permit at the same meeting and may combine the two hearings. For the purposes of this section, the date of the commission decision on the use permit application shall be deemed to be the same as the date of enactment by the city council of an ordinance changing the district boundaries, provided that if the council modifies a recommendation of the commission on a zoning reclassification, the use permit application shall be reconsidered by the commission in the same manner as a new application. (Prior code § 2-11.17)

18.124.170 Temporary use permit.

Use permits for specified temporary conditional uses may be granted by the zoning administrator provided that the findings required by Section 18.124.070 shall be made. No public hearing shall be held unless the zoning administrator shall request a hearing. A permit for a temporary use shall authorize conduct of the use for a specified term as determined by the zoning administrator, provided that a permit for a subdivision sales office or a temporary construction yard or office may be for a period not to exceed one year. A decision of the zoning administrator on a temporary conditional use shall be subject to appeal as prescribed in Section 18.144.050 relating to administrative appeal procedure. (Ord. 2065 § 1, 2013; prior code § 2-11.18)

18.124.175 Administrative use permit for small recycling collection facilities.

- A. Reverse vending machines and other small recycling collection facilities may be allowed in the zoning districts shown in Table 9.22.030 (Permits Required for Recycling Facilities by Zoning District) of this code upon the granting of a conditional use permit pursuant to the following requirements:
1. Application to install a reverse vending machine(s) or a small collection facility shall be made with the zoning administrator, including any fee established heretofore, and shall include a site plan, elevations and such other information as established in Section 9.22.060 (Criteria And Design Standards) of this code and determined as necessary by the zoning administrator to enable the application to be reviewed.
 2. The zoning administrator will review the application for conformance with Section 9.22.060 of this code and may approve, conditionally approve or deny the application. No application shall be approved, as applied for or conditioned, unless the zoning administrator finds that:
 - a. The proposed location of the conditional use is in accordance with the objectives of the zoning ordinance and the purposes of the district in which the site is located;
 - b. The proposed location of the conditional use and the conditions under which it would be operated or maintained will not be detrimental to the public health, safety or welfare, or materially injurious to the properties or improvements in the vicinity; and
 - c. That the proposed conditional use will comply with each of the applicable provisions of this chapter.
 3. Administrative conditional use permits are valid for a period of 12 months from the date of approval and may be renewed prior to expiration upon the submittal of a new application and fee to the zoning adminis-

trator, who will review the application for continuing compliance with the purposes of this chapter and of Chapter 9.22 (Recycling) of this code.

4. Any action of the zoning administrator may be appealed to the planning commission by any affected party pursuant to the requirements of Chapter 18.144 (Appeals) of this title. (Ord. 1354 § 8, 1988)

18.124.180 Design review.

All conditional uses shall be subject to design review as prescribed in Chapter 18.20 of this title. Applicants are advised to confer with the zoning administrator before preparing detailed plans. (Prior code § 2-11.19)

Article II. Use Permits for Large Family Day Care Homes

18.124.190 Procedure.

Applications for large family day care homes shall be processed in accordance with the provisions of this article. (Ord. 1126 § 9, 1984; prior code § 2-11.20(a))

18.124.200 Application.

Application for a large family day care home use permit shall be filed with the zoning administrator in accordance with the requirements of Section 18.124.020 of this chapter. (Ord. 1126 § 9, 1984; prior code § 2-11.20(a)(1))

18.124.210 Notice.

No less than 10 days prior to the date on which the decision will be made on the application, the zoning administrator, or his or her designee, shall give notice of the proposed use by mail to all owners shown on the last equalized assessment roll as owning real property within 100 feet of the exterior boundaries of the site of the proposed use. (Ord. 1126 § 9, 1984; prior code § 2-11.20(a)(2))

18.124.220 Public hearing.

If a hearing is requested by the applicant, or other affected person, a public hearing before the zoning administrator shall be held prior to a decision being made. No public hearing shall be held unless such a hearing is requested. (Ord. 1126 § 9, 1984; prior code § 2-11.20(a)(3))

18.124.230 Action of zoning administrator.

Upon close of the public hearing, if a hearing has been requested, or at the time set for the decision in the notice, the zoning administrator shall approve, approve in modified form, or deny the application. The zoning administrator shall grant the use permit if the proposed large family day care home, as applied for or as conditioned, complies with the standards set forth in this article. Any action of the zoning administrator may be appealed to the planning commission. (Ord. 1126 § 9, 1984; prior code § 2-11.20(b))

18.124.240 Standards.

Large family day care homes shall be required to meet the following requirements:

- A. Spacing. No large family day care home shall be approved if the site of the proposed use is located within 300 feet of the exterior boundary of another large family day care home or nursery school, unless the zoning administrator makes the specific finding that the concentration of such uses will not adversely affect the neighborhood in which it is located due to the cumulative increase in noise, traffic and/or parking requirements.
- B. Traffic Control. Large family day care homes shall not create any traffic hazard. The zoning administrator may prescribe such conditions as may be reasonably required to ensure the safety of all affected by the proposed use, including requiring traffic-control measures reasonably required to avoid any identified adverse effect.

- C. **Parking Requirements.** Parking spaces, including both off-street and on-street, shall be available for the actual parking demand created by the use, including the applicant's own vehicles, those of employees, and those of persons delivering and picking up children. On-street parking is available for the use if such spaces are within a reasonable distance of the home and can be reached safely from the home by children.
- D. **Noise Control.** Large family daycare homes shall not create noise levels in excess of those allowed in single-family residential areas in the noise element of the general plan or in excess of those allowed in residential property by Chapter 9.04 of this code. The zoning administrator may impose reasonable limits on the hours of operation of the large family daycare home in order to ensure that these limits are met.
- E. **Fire Code Requirements.** Large family daycare homes shall meet all regulations of the state fire marshal adopted as part of the California Administrative Code and relating specifically to large family daycare homes. (Ord. 1126 § 9, 1984; prior code § 2-11.20(c))

18.124.250 Additional procedures.

The regulations concerning effective date of the use permit, review or appeal, lapse of use permit, suspension and revocation, new application and successors in interest shall be those contained in this chapter. Modifications shall be

IMPROVEMENTS

Sections:

- 19.40.010** **Minimum requirements.**
- 19.40.020** **Completion.**
- 19.40.030** **Bench marks.**
- 19.40.040** **Installation of utility facilities.**
- 19.40.060** **Supplemental size and reimbursement.**

19.40.010 **Minimum requirements.**

The subdivider shall improve, or agree to improve, all streets, thoroughfares, public ways or easements in the subdivision and adjacent thereto required to serve the subdivision. No permanent public improvement work shall be commenced until improvement plans and profiles have been approved by the city engineer and necessary bonds and insurance have been posted. Improvements shall be installed to permanent line and grade and to the satisfaction of the city engineer and in accordance with the standard specifications and details unless modified by the planning commission at the time of approval of the tentative map. The minimum improvements which the subdivider normally shall make, or agree to make at the cost of the subdivider, prior to acceptance and approval of the final subdivision map by the city shall be:

A. Grading, curbs and gutter, paving, drainage and drainage structures necessary for the proper use and drainage of streets, highways and ways for the public safety (subject to maximum obligations set forth in Section 19.36.050 of this code);

B. Site grading and drainage, taking into consideration the drainage pattern of adjacent improved and unimproved property, treating upstream areas as though fully improved and with downstream facilities adequate to accommodate the design flow. Natural and artificial watercourses shall be placed in closed conduits where the flow requires a 48-inch concrete pipe or less. All permitted ditches and channels shall be fenced with chain link fence unless specifically exempted. Design of access bottom width and shoulder width shall be such that the drainage facility may be adequately and efficiently maintained. Channels shall be lined when required by the city engineer;

C. Street name and traffic control signs as determined by the city engineer;

D. Sidewalks where required;

E. Fire hydrants and water system with mains of sufficient size and having a sufficient number of

outlets to furnish an adequate water supply for each lot or parcel in the subdivision and to provide adequate fire protection;

F. Sanitary sewer facilities and connections for each lot;

G. Street lighting facilities, as determined by the planning commission at the time of approval of the tentative map;

H. Street trees;

I. Public utilities: communications, electric power and light. All telephone, telegraph, communications, electric power and light utilities shall be installed underground with pad-mounted transformers for electric power, and all such installations shall be in the public street right-of-way or public service easement, unless another method of installation is approved by the planning commission at the time of approval of the tentative subdivision map. Such determination by the planning commission may be initiated either by the planning commission or the subdivider, and the findings of the planning commission shall be based upon economic and practical feasibility and the best interests of the public health, safety and welfare;

J. Landscaping of the dividing island between thoroughfare and frontage road and between thoroughfare and back-up lot fence, including an adequate permanent system for continued irrigation;

K. Provisions shall be made for any and all railroad crossings necessary to provide access to or circulation of all documents necessary for application to the California State Public Utilities Commission for the establishment and improvement of such crossings. (Prior code § 2-4.14)

19.40.020 **Completion.**

A complete improvement plan as-built shall be filed with the city engineer upon completion of the improvements, the as-built plans to be in duplicate tracings on cloth at a scale of one inch equals 40 feet, or one inch equals 50 feet, on 24-inch by 36-inch sheets with two-inch left margin. Upon receipt and acceptance of the as-built plan, the city engineer will recommend formal acceptance by the city council. (Prior code § 2-4.15)

19.40.030 **Bench marks.**

Elevations on city datum shall be shown on the as-built improvement plans for all monuments in the subdivision. (Prior code § 2-4.16)

19.40.040 Installation of utility facilities.

Services from public utilities where provided and from water mains and sanitary sewers shall normally be made available for each lot in such manner as will eliminate the necessity for disturbing the street pavement, gutter, sidewalk and curb when service connections are made. (Prior code § 2-4.17)

19.40.060 Supplemental size and reimbursement.

As provided by the Map Act, the city may require that improvements installed by the subdivider for the benefit of the subdivision contain supplemental size, capacity, number, or length for the benefit of property not within the subdivision, and that those improvements be dedicated to the public.

In the event of the installation of improvements required by this section, the city shall enter into an agreement with the subdivider for reimbursement for that portion of the costs of those improvements, including an amount attributable to interest, in excess of the construction required for the subdivision.
