PREFACE

The Pleasanton Municipal Code is a codification of the general and permanent ordinances of the City of Pleasanton, California. Originally published by Book Publishing Company, the code was prepared under the direction of Peter D. MacDonald, city attorney.

Commencing with the September 2007 code supplement, updates to this code are published by Quality Code Publishing. The code will be periodically updated to incorporate new legislation.

Detailed instructions for using the code are included at the front of this volume. An ordinance list and index are located at the end of the code.

The code is current through Supplement Number 9, January 2013, and includes Ordinance 2055, passed December 4, 2012.

9.04.010 Declaration of policy.

It is declared to be the policy of the city that the peace, health, safety and welfare of the citizens of the city require protection from excessive, unnecessary and unreasonable noises from any and all sources in the community. It is the intention of the city council to control the adverse effect of such noise sources on the citizens under any condition of use, especially those conditions of use which have the most severe impact upon any person. (Prior code § 4-9.01)

9.04.020 Definitions.

For the purposes of this chapter, certain terms are defined as follows:

A. “Emergencies” mean essential activities necessary to restore, preserve, protect or save lives or property from imminent danger of loss or harm; work by private or public utilities when restoring utility service or such routine testing or standby equipment as may be

necessary to assure reliability in the event of emergencies.

B. “Noise level” means the maximum continuous sound level or repetitive peak level produced by a source or group of sources as measured with a precision sound level meter using the “A” weighting scale, and the meter response function set to “slow.”

C. “Person” means any individual, or other entity including, but not limited to, a partnership, association or corporation.

D. “Property plane” means a vertical plane including the property line which determines the property boundaries in space.

E. “Sound level” is expressed in decibels (dB), which is a logarithmic indication of the ratio between the acoustic energy present at a given location and the lowest amount of acoustic energy audible to sensitive human ears and weighted by frequency to account for characteristics of human hearing, as given in the American National Standards Institute Standard S1.1, “Acoustic Terminology,” paragraph Z.9, or successor reference. All references to dB in this chapter utilize the A-level weighting scale, abbreviated dBA, measured as set forth in this section.

F. “Sound level meter” means an instrument, including a microphone, an amplifier, an output meter, and frequency weighting networks for the measurement of sound levels, which meets or exceeds the requirements pertinent for Type S2A meters in American National Standards Institute specifications for sound level meters, S1.4-1971, or the most recent revision thereof.

G. “Vehicle” means any device by which any person or property may be propelled, moved or drawn upon a highway or street. (Prior code § 4-9.02)

9.04.030 Noise limits—Residential property.

A. Residential Property. No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same, on residential property, noise level in excess of 60 dBA at any point outside of the property plane, unless otherwise provided in this chapter.

B. Multifamily Residential Property. No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same, on multi-family residential property, a noise level in any dwelling unit in excess of 60 dBA except within the dwelling unit in which the noise source or sources originate. For purposes of this section, measurement of the noise level shall be taken at least four feet from any wall, floor or ceiling inside any dwelling unit on the

same property with the windows and doors of the dwelling unit closed.

C. Distribution Transformers. The noise levels from distribution transformers on private property shall be measured at a distance of 25 feet or from the nearest residential structure, whichever is shorter. (Ord. 1880, 2003; prior code § 4-9.03)

9.04.035 Noise limits—Commercial or industrial use adjacent to residential zone.

Any commercial or industrial use, not including a special downtown accessory entertainment use in the downtown hospitality transition area, which is located within 300 feet from any residential zone and which remains open for business at any time between the hours of 10:00 p.m. and 6:00 a.m. shall adhere to the following standards of performance:

A. The noise level produced on the business premises between the hours of 10:00 p.m. and 6:00 a.m. shall not exceed the residential noise standard at the property plane between the residential zoning district and the commercial zoning district.

B. In the case of a business establishment which: (1) serves alcohol, (2) is located within 300 feet from a residential zoning district, and (3) is open for business between the hours of 10:00 p.m. and 6:00 a.m., the business owner and/or agent in charge shall arrange for responsible agents to patrol the parking lot and take reasonable actions necessary to inhibit loitering, shouting, fighting, revving of vehicle engines, the rapid acceleration of vehicles and other activities which would disturb the peace of a residential neighborhood.

C. No trash shall be dumped outside of the enclosed building area between the hours of 10:00 p.m. and 6:00 a.m. In the alternative, a business which finds it necessary or convenient to dump trash between 10:00 p.m. and 6:00 a.m. may demonstrate pursuant to Section 9.04.110 of this chapter that sound levels from dumping trash are insignificant or have been adequately mitigated. This subsection does not prohibit regularly scheduled pick up of trash by commercial garbage companies.

D. The person in charge of a business premises, whether that person is an owner, employee, agent or contractor, shall be responsible to assure compliance with subsections A through C of this section.

E. The owner of each business subject to this section shall be responsible to inform his or her managers, employees, agents and contractors of the requirements of this section. (Ord. 2055 § 2, 2012; Ord. 1341 § 1, 1987)

9.04.040 Noise limits—Commercial property.

No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same, on commercial property, a noise level in excess of 70 dBA at any point outside of the property plane, unless otherwise provided in this chapter. (Ord. 2055 § 2, 2012; Ord. 1880, 2003; prior code § 4-9.04)

9.04.043 Noise limits—Special downtown accessory entertainment uses in the downtown hospitality central core or downtown hospitality transition area.

Special downtown accessory entertainment uses shall adhere to the following standards:

A. In the downtown hospitality central core area:

1. No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same on commercial property, a noise level in excess of the following at any point outside of the property plane:

Maximum Noise Level (dBA)	Sunday—Wednesday (Hours)	Thursday—Saturday (Hours)
74	8:00 a.m.—10:00 p.m.	8:00 a.m.—11:00 p.m.
70	10:00 p.m.—8:00 a.m.	11:00 p.m.—8:00 a.m.

2. No person shall produce or allow to be produced on commercial property a noise by any machine, animal, device, or any combination of the same on commercial property in excess of the following noise level as measured at the property plane of the nearest residential zoning district:

Maximum Noise Level (dBA)	All Days (Hours)
60	10:00 p.m.—6:00 a.m.

B. In the downtown hospitality transition area:

1. No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same a noise level in excess of the following at any point outside of the property plane:

Maximum Noise Level (dBA)	All Days (Hours)
70	8:00 a.m.—9:00 p.m.
60	9:00 p.m.—8:00 a.m.

2. No person shall produce or allow to be produced on commercial property a noise by any machine, animal, device, or any combination of the same on commercial property in excess of the following noise

level as measured at the property plane of the nearest residential zoning district:

Maximum Noise Level (dBA)	All Days (Hours)
60	10:00 p.m.—6:00 a.m.

3. In the case of a business establishment which: (a) serves alcohol, and (b) is open for business between the hours of 9:00 p.m. and 8:00 a.m., the business owner and/or agent in charge shall arrange for responsible agents to patrol the parking lot and take reasonable actions necessary to inhibit loitering, shouting, fighting, revving of vehicle engines, the rapid acceleration of vehicles and other activities which would disturb the peace of a residential neighborhood.

4. No trash shall be dumped outside of the enclosed building area between the hours of 9:00 p.m. and 8:00 a.m. In the alternative, a business which finds it necessary or convenient to dump trash between 9:00 p.m. and 8:00 a.m. may demonstrate pursuant to Section 9.04.110 of this chapter that sound levels from dumping trash are insignificant or have been adequately mitigated. This subsection does not prohibit regularly scheduled pick up of trash by commercial garbage companies.

5. The person in charge of a business premises, whether that person is an owner, employee, agent or contractor, shall be responsible to assure compliance with subsections (B)(1) through (4) of this section.

6. The owner of each business subject to this section shall be responsible to inform his or her managers, employees, agents and contractors of the requirements of this section. (Ord. 2055 § 2, 2012)

9.04.045 Leaf blowers.

A. Weekdays.

1. On Monday through Friday, no person shall operate a motor powered leaf blower between the hours of 10:00 p.m. and 6:00 a.m.

2. On Monday through Friday, between the hours of 6:00 a.m. and 8:00 a.m. no person shall operate a motor powered leaf blower unless the city has determined that the model in use cannot generate greater than 73 dBA at 50 feet. The Echo PB4500 leaf blower has been determined to generate less than 73 dBA at full throttle at 50 feet.

B. Saturday, Sunday and Holidays.

1. On Saturday, Sunday and holidays, no person shall operate a motor powered leaf blower between the hours of 10:00 p.m. to 7:00 a.m.

2. On Saturday, Sunday and holidays, between the hours of 7:00 a.m. to 8:00 a.m. no person shall oper-

ate a motor powered leaf blower unless the city has determined that the model in use cannot generate greater than 73 dBA at 50 feet. The Echo PB4500 leaf blower has been determined to generate less than 73 dBA at full throttle at 50 feet.

C. Business Parks. Notwithstanding any other provision of this section, motor powered leaf blowers may be operated at any time within the area bounded by I-580 on the north, Foothill Road and Hopyard Road on the west, Santa Rita Road on the east, and Stoneridge Drive (between Foothill and Hopyard Road) and Arroyo Mocho boundary on the south and also the two business parks commonly referred to as Koll center and valley business park. However, this subsection shall not be effective for those portions of the areas described above which are within 300 feet of a residence. (Ord. 1384 § 1, 1988; Ord. 1356 § 1, 1988)

9.04.050 Noise limits—Industrial property.

No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same on industrial property, a noise level in excess of 75 dBA at any point outside of the property plane, unless otherwise provided in this chapter. (Ord. 1880, 2003; prior code § 4-9.05)

9.04.060 Noise limits—Public property.

A. Residential Area. No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same, on public property in any residential area, a noise level in excess of 60 dBA at a distance of 25 feet or more from the noise source or sources, unless otherwise provided in this chapter.

B. Commercial Area. No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same, on public property in any commercial area, a noise level in excess of 70 dBA at a distance of 25 feet or more from the noise source or sources, unless otherwise provided in this chapter.

C. Industrial Areas. No person shall produce or allow to be produced by any machine, animal, device, or any combination of the same, on public property in any industrial area, a noise level in excess of 75 dBA at a distance of 25 feet or more from the noise source or sources, unless otherwise provided in this chapter.

D. Special Events. Any community activity, sporting event, or special event occurring at the Alameda County fairgrounds, upon any public school grounds, or at any city parks or streets is exempt from the provisions of this chapter, provided that the event has been approved by the appropriate fair association

official, school official or city department or city council.

E. Warning Devices. Vehicle horns, or other devices primarily intended to create a loud noise for warning purposes, shall be used only when a situation endangering life, health, or property is imminent. (Prior code § 4-9.06)

9.04.070 Daytime exceptions.

Any noise which does not produce a noise level exceeding 70 dBA at a distance of 25 feet under its most noisy condition of use shall be exempt from the provisions of Sections 9.04.030, 9.04.040 and 9.04.060(A) of this chapter between the hours of 8:00 a.m. and 8:00 p.m. daily, except Sundays and holidays, when the exemption herein shall apply between 10:00 a.m. and 6:00 p.m. (Prior code § 4-9.07(a))

9.04.072 Electricity generators, fuel cells, and wind energy facilities.

Electricity generators, fuel cells, and wind energy facilities, including small, medium, and large electricity generators, and small, medium, and large fuel cell facilities, but not including emergency standby electricity generators, fuel cells, and batteries as defined in Chapter 18.08 of this code, shall not exceed a noise level in excess of 45 dBA at any point on any residentially zoned property outside of the property plane where the electricity generator, fuel cell, or wind energy facilities are located. (Ord. 1880, 2003)

9.04.074 Skateboard ramps.

The city council finds and declares as follows:

A. Skateboard ramps (as defined in Title 18 of this code) are a source of noise which must be regulated; and

B. Skateboard ramps, if built to regulations consistent with safety and noise dampening standards, will be permitted; and

C. The community development department shall be authorized to promulgate regulations consistent with purposes of safety and noise considerations of this code, subject to approval by the city council; and

D. If any skateboard ramp complies with the promulgated regulations concerning skateboard ramp construction, skateboard ramps will be permitted to be used during specified hours, except on Sundays when use of skateboard ramps shall be prohibited, and exempt from this chapter, subject to the city's zoning ordinance, Chapter 18.120, "Nonconforming Uses", of this code. (Ord. 2000 § 1, 2009; Ord. 1273 § 1, 1986)

9.04.076 Skateboard ramp—Time of operation.

If skateboard ramps are built to regulations specified in Section 9.04.074(C) of this chapter, skateboard ramps shall be exempt from noise regulation ordinance Sections 9.04.030, 9.04.040 and 9.04.060(A) of this chapter and will be permitted to operate between the hours of 10:00 a.m. and 4:00 p.m. except on Sunday, and between 7:00 p.m. and 8:00 p.m. except on Sunday, when no skateboard ramp shall be used. No skateboard ramp shall be used for skateboarding between the hours of 4:00 p.m. and 7:00 p.m., or between the hours of 8:00 p.m. and 10:00 a.m., and all day on Sunday. (Ord. 1273 § 1, 1986)

9.04.078 Pool equipment.

A. Pool equipment shall be operated in compliance with the noise limits as specified in this chapter based on where the pool equipment is located (i.e., residential property, commercial property, industrial property, etc.).

B. Pool equipment shall be field tested under operating conditions by the administrative authority for noise limit compliance prior to final approval of pool installation. Testing shall be by a sound level meter as defined in this chapter.

C. Where pool equipment noise limit compliance is not achieved, said equipment shall be relocated, otherwise adjusted/altered, or an enclosure for noise attenuation installed to achieve compliance prior to final approval of pool installation by the administrative authority.

D. Noise attenuation enclosures shall be designed and constructed utilizing standards established by the administrative authority. Such standards shall include, but shall not be limited to, insulation material, requirements for venting and circulation, and accessibility for equipment maintenance. (Ord. 2038 § 1, 2012)

9.04.080 Safety devices.

Aural warning devices which are required by law to protect the health, safety and welfare of the community shall not produce a noise level more than three dBA above the standard or minimum level stipulated by law. (Prior code § 4-9.07(b))

9.04.090 Emergencies.

Emergencies and the testing of associated utility standby equipment are exempt from this chapter. (Prior code § 4-9.07(c))

9.04.100 Construction.

Notwithstanding any other provision of this chapter, between the hours of 8:00 a.m. and 8:00 p.m. daily, except Sunday and holidays, when the exemption shall apply between 10:00 a.m. and 6:00 p.m., construction, alteration or repair activities which are authorized by a valid city permit shall be allowed if they meet at least one of the following noise limitations:

A. No individual piece of equipment shall produce a noise level exceeding 83 dBA at a distance of 25 feet. If the device is housed within a structure on the property, the measurement shall be made outside the structure at a distance as close to 25 feet from the equipment as possible; or

B. The noise level at any point outside of the property plane of the project shall not exceed 86 dBA. (Prior code § 4-9.07(d))

9.04.110 Exception permit.

If the applicant can show to the city manager or his or her designee that a diligent investigation of available noise abatement techniques indicates that immediate compliance with the requirements of this chapter would be impractical or unreasonable, a permit to allow exemption from the provisions contained in all or a portion of this chapter may be issued, with appropriate conditions to minimize the public detriment caused by such exceptions. Any such permit shall be of as short duration as possible up to six months, but renewable upon a showing of good cause, and shall be conditioned by a schedule for compliance and details of methods therefor in appropriate cases. Any person aggrieved with the decision of the city manager or his or her designee may appeal to the city council. (Prior code § 4-9.08)

17.36.010 Purpose.

- A. Since the mid-1960s, Pleasanton's transformation from a small, agricultural-based community to a suburban bedroom community and then to a suburban "edge city" has been marked by periods of rapid growth which stressed the city's ability to provide infrastructure and services, affecting the quality of life of both existing and new residents.
- B. In order to minimize the adverse effects of rapid uncontrolled residential growth, the city council adopted its first growth management ordinance in 1978, designed to regulate the location and rate of new residential growth in a period of sewage treatment capacity constraints brought about by air quality degradation concerns. Through the 1980s and 1990s, the city council modified the growth management ordinance in order to better achieve the evolving goals set for it, with the rate, location, and type of residential units regulated to achieve the general welfare of the city.
- C. In 1996, the city council adopted a comprehensive revision to its general plan. Key goals and policies reflect the city's continued commitment to developing in an efficient, orderly, and logical fashion, ensuring adequate infrastructure and services are present to ensure that the city's quality of life and level of services are maintained. The general plan calls for assuring its citizens of a predictable growth rate, while providing housing to meet the needs of all economic segments of the community, regional housing needs, and employment growth.
- D. Despite the controls established by past versions of the city's growth management program, residential development has continued to fluctuate over time, there has been little predictability of the actual number of new building permits issued and development under construction, and there is uncertainty over the city's ability to maintain its service levels and quality of life for its citizens due to regional influences and uncertain revenue sources for city and other local service-providing agencies.
- E. This revised growth management program has been designed to rectify the areas wherein the former programs did not totally succeed; to establish a predictable growth rate which reflects community sentiment and which alleviates the potential for strain on the ability of the city and other local service providers to keep pace with services with no reduction in their quality; to continue to relate new residential growth to housing needs (including regional needs and local employment growth) and the availability of infrastructure and services; to move toward build-out of the community in a logical manner while affording future development areas the ability to accommodate changing housing demands; and to be fair and equitable to the development community, developers large and small, who have either received past approvals under former growth management programs or who have undertaken or will undertake development plans consistent with current goals and policies.
- F. In 2012, the city council amended the growth management program to reflect current circumstances and changes in state law. (Ord. 2054 § 2, 2012)

17.36.020 Objectives.

The protection of the public health, safety, and general welfare requires a growth management program to accomplish the following:

- A. Regulate the timing, location, and type of residential growth in accordance with the goals and policies of the general plan.
- B. Achieve predictability in the rate of growth at levels which reflect community sentiment and the ability of the city and other local service-providing agencies to provide services without compromising quality of life issues.
- C. Retain flexibility to accommodate projects desiring and capable of actual development in the short-term in order to more closely meet annual development goals.
- D. Create certainty for larger project developers in the treatment of build-out of their projects which, for a variety of reasons, do not proceed to actual development in accordance with originally approved schedules.
- E. Facilitate and implement the general plan goals, including the goals of the housing element, which cannot be accomplished by zoning alone. (Ord. 2054 § 2, 2012)

17.36.030 Building permit restriction.

Except as otherwise provided in this chapter, no building permit for a new residential unit, including permits for installation of a mobilehome unit, shall be issued except pursuant to the regulations contained in this chapter. (Ord. 2054 § 2, 2012)

17.36.040 Exemptions.

This chapter shall not be applicable to the following categories of residential units:

- A. Second units approved in accordance with city zoning regulations.
- B. Mobilehomes and/or living quarters located on school sites, public and institutional properties, and commercial/industrial properties used for security purposes or other purposes ancillary to the primary use, the use of which has been approved in accordance with city zoning regulations, when such residential units do not exceed one dwelling per site.
- C. A condominium conversion or replacement unit of an existing unit demolished and/or destroyed. (Ord. 2054 § 2, 2012)

17.36.050 Administration of the growth management program.

- A. Review of Growth Management Report.
 - 1. Periodically, a growth management report shall be prepared which shall include:
 - a. Historical building permit activity;
 - b. Projections of likely building activity within the city by category of project;
 - c. Estimates of new projects which may seek approval in the following year or years;
 - d. Analysis of the capability of infrastructure and services to meet the demands of new residential development, including any changes to established conditions and/or measures designed to mitigate the adverse effects of new residential development; and
 - e. Progress toward meeting city general plan goals and policies.
 - 2. The growth management report shall be presented to the planning commission for its review. The planning commission shall make recommendations to the city council regarding the growth management report, including, but not limited to, annual allocation issues.
 - 3. The city council shall receive and review the growth management report, and the recommendations of the planning commission. The city council's review of the growth management report should coincide with the council's review of requests for modifications of allocations and should occur at the council's second meet-

ing in September. The city council may schedule such review at any time during the year should changed circumstances relating to the provision of planned infrastructure and/or services require a review and possible modification to the growth management program.

B. Program Review.

1. The city council, as necessary to administer the growth management program, including following review of the growth management report, shall have the following duties and powers:
 - a. Determine whether the annual new residential unit limits, including those pertaining to trades or reallocation, require adjustment due to infrastructure/service constraints;
 - b. Determine whether to adjust for the future allocations established for new residential units;
 - c. Coordinate the requested trades of units among developers;
 - d. Determine the disposition of reallocation requests;
 - e. Take other action determined by the council to be necessary to implement the provisions of this chapter.
2. The city council shall act on the following in administering the growth management program on an ongoing basis:
 - a. Grant initial growth management allocations;
 - b. Review and act on requests for reinstatement of lapsed growth management approvals and building permits;
 - c. Adjust annual limits as it deems necessary pursuant to subsection A of this section;
 - d. Coordinate between January 1st and September 1st, in response to developers' requests, any requested reallocation requests and/or trades of units among major project developers;
 - e. Take any other action determined by the council to be necessary to implement this chapter. (Ord. 2054 § 2, 2012)

17.36.060 Establishment of annual new residential unit limits.

- A. Except as provided herein, effective July 1, 2014, the number of building permits issued annually for new residential units subject to this chapter shall not exceed the regional housing needs allocation assigned to the city as provided in the Association of Bay Area Government Regional Housing Needs Allocation Plan divided by the number of years in the regional housing needs allocation cycle.

Except as provided in subsection C of this section and except when necessary to increase the annual housing allocations in order to grant approvals to projects so that the city is able to meet its total regional housing needs goals, the maximum limitations established in this section are nondiscretionary and shall not be modified by the city council in implementing this chapter.

- B. For the fifth regional housing needs allocation cycle that ends June 30, 2014, the annual unit allocation shall be equal to the number of units required to meet the city's regional housing needs allocation for the fifth cycle.
- C. Within 90 days of the Association of Bay Area Governments issuing its regional housing needs allocation plan, the city manager shall provide the city council with a report identifying the annual unit allocation.
- D. The limitations established in subsection A of this section may be reduced by the city council if, upon reviewing the annual growth management report, it determines that infrastructure and/or services will not be available to satisfy the demands of the new residential units allowed for a given year. The limitation reduction mentioned in the previous sentence may be citywide or localized, depending on the scope of the infrastructure and/or service shortfalls. The city council shall exercise its discretion pursuant to this subsection if the planned, phased infrastructure expansions which form the basis for establishing the managed growth to build-out of the general plan are not completed in a timely manner. "Infrastructure" as used herein includes new school construction pursuant to the school financing agreement, sewage treatment/export facility expansions, treated water availability, traffic

network expansions consistent to implement city LOS policies, park procurement/development, and other measures of infrastructure/services as described in the growth management reports.

- E. No reduction in future annual new residential unit limits shall affect any project which has received growth management approval granting future years' allocations so long as the conditions in effect at the time of the initial approval remain unchanged and the approved project continues to meet all project requirements. Nothing herein, however, limits the city's ability to impose a development moratorium under state law. (Ord. 2054 § 2, 2012)

17.36.080 Approval procedures.

- A. A project developer must receive a specific allocation for the number of units and years in accordance with the process below.
1. Prior Discretionary Project Approval Necessary.
 - a. A project developer may request a growth management allocation at the time of, or after, any of the following: PUD plan approval, design review approval, or a tentative map approval. The planning division shall provide the necessary application forms, and a project developer must file the application with the planning division. The application shall be accompanied by a fee established by the resolution establishing fees and the charges for various municipal services. The request shall indicate the desired phasing of the project.
 - b. No application for a project allocation will be accepted for processing by the planning division if unit allocation capacity is not available for a reasonable project phase within at least the second calendar year after the year the application is tendered.
 2. Growth Management Approval.
 - a. The city council may grant a specific growth management allocation to a project for one or more years so long as the total units allocated do not exceed the allocation for that year.
 - b. In reviewing a project developer's request for allocation, the city council shall use its discretion in establishing a phasing schedule, giving consideration to the number of projects which are pending or are likely to seek approval in the near term, the economic feasibility of phasing the project, and other factors. The approval shall be in the form of a growth management agreement.
- B. Proration of Project Permits. Generally, the approval is intended to be made available to developers in chronological order as building permits are ready to be issued. However, in certain instances when the demand for permits is known to exceed the number of permits available, the city shall prorate the available permits. Should the proration yield units in excess of those available due to rounding, the city shall reduce the total to equal the units available in any manner it finds equitable, except that the city council may reallocate unassigned units from previous years in a current regional housing needs allocation cycle to future years in the same cycle.
1. Prior to the Beginning of Any Calendar Year. If, prior to January 1st of any year, the city has processed building permit applications seeking the next year's allocation which, in the aggregate, exceed the annual allocation the city shall prorate the permits to developers seeking permits.
 - a. First Priority. Permits shall be issued first to projects which were under construction in the prior year and secured permits for, or attempted to secure permits for, all units it was qualified to be issued permits for during that year.
 - b. Second Priority. Permits shall be issued second to all projects eligible to apply for the available permits. Each project's pro rata share of the available suballocation shall be the percentage derived by the permits sought by the project (subject to the project limitations established herein) divided by all permits sought (subject to the same size limitations). (Ord. 2054 § 2, 2012)

17.36.090 Use and loss of growth management approval.

- A. A project developer may be issued building permits up to the maximum yearly number established in its agreement. Permits may be issued at any time during the calendar year and at any rate.

- B. Should a project developer wish to revise its annual allocation, the following regulations shall apply:
1. For project developers seeking to move units into a later year or years:
 - a. Prior to September 1st of a given calendar year, a project's developer may request a reallocation to a later year of some or all of its allocation. The planning division shall provide the necessary application forms, and a project developer must file the application with the planning division. The application shall be accompanied by a fee established by the resolution establishing fees and the charges for various municipal services.
 - b. The city shall coordinate the "trade" of units for developers seeking to move to later years with those of developers seeking more permits in the current year. If an agreeable "trade" is established by the city, the units shall be moved to later years and shall be placed in the project's annual allocation in the year in which the "traded" unit originally occupied before the trade. If units moving forward come from a year later than the last allocation year of the project moving units to a future year, the units may be moved to the project's last allocation year, if available, rather than to the later year of the "trading" project. The city shall not refuse to make any trade which otherwise follows the provisions of this section. The traded units shall be approved by the city council and shall take the form of amended growth management agreements.
 - c. If no "trade" is available for a unit or units, those units shall be reallocated to the last year for which the project has an allocation. (Subsequent year unused allocations shall also be added to the last year for which the project has an allocation.) This automatic reallocation shall occur only if the year to which the units are moving has available capacity. If no capacity is available, the reallocation shall be made to the first available year following the last year of the project's allocation. This reallocation shall be nondiscretionary on the part of the council and shall be documented in a revised schedule in a project's growth management agreement.
 2. For project developers seeking to move units from later years into the current year:
 - a. Prior to September 1st of a given calendar year, a project's developer may request a reallocation to the current year of some or all of its future years' allocations by filing an application with the planning division, together with any fee which may be established.
 - b. The city shall coordinate the transfer of units for developers seeking to move forward to the current year with the requested transfer of units to later years. To the extent not all requests to move units forward can be accommodated, the city shall seek to prorate and/or coordinate the "trades" in a manner satisfactory to all parties seeking to move forward and to future years. Transfers shall be approved by the city council and shall take the form of amended growth management agreements.
 - c. Units successfully transferred to the current year shall be treated in all ways as current year allocations. Building permits may be secured from the date of approval until December 31st of that calendar year and at any rate.
- C. Developers who have current year units and do not request the units to be reallocated as of September 1st and who subsequently do not obtain a building permit prior to January 1st of the following year, or where building permits lapse pursuant to the provisions of the Uniform Building Code after December 31st of the year of their allocation, shall lose their growth management approval for those units. No building permit shall be issued for such units until a new application for growth management approval has been made and a new approval granted by the city council following the procedures for initial approvals.
- D. The city council shall have the discretion to approve rules or procedures concerning the use, loss, trade, reallocation, and assignment of growth management approvals which vary from subsections A, B, or C of this section if it occurs as part of a project developer's development agreement or other legislative act so as long as the overall number of allowed permits do not exceed the total number assigned to the city for the current regional housing needs allocation cycle. (Ord. 2054 § 2, 2012)

17.36.100 Modification to projects with growth management approval.

Once a project has secured a growth management agreement, the project may be modified without affecting its growth management approval, subject to city council review and approval, so long as no additional units are added. Such a modified project retains its original growth management allocation. Project modifications as used in this section shall mean significant changes to a project's design, density, product type, affordability component, amenities, and other aspects which bear on its original approval. Architectural modifications, site plan changes, and other project adjustments which are characterized as "minor modifications" in the city's PUD ordinance shall not need city council review and approval to retain growth management approval. Should the modification reduce the number of units, the units eliminated shall be deducted from the project's final year's allocation. (Ord. 2054 § 2, 2012)

17.36.110 Fees and exactions.

- A. A project developer will pay normal city development fees in effect at the time building permits are issued or at the time otherwise provided by the city ordinances or resolutions, or by agreement.
- B. A project developer shall pay a growth management fee in conjunction with the issuance of a building permit. Growth management fees shall be placed in a special fund applied to public projects made necessary by the cumulative effects of ongoing residential development.
- C. The city council may approve an increase or decrease in the growth management fees or permit a developer to provide finished public works in lieu of paying growth management or other city fees in order to achieve the purposes of this chapter and the general plan. The fee or public work may be implemented by resolution or by agreement with the developer. (Ord. 2054 § 2, 2012)

17.36.120 Application to prior approved projects.

A residential unit in projects which were approved prior to the effective date of the ordinance codified in this chapter and which have been determined by the city attorney to have a vested right to the issuance of a building permit at the time such a permit is sought shall be issued such permit notwithstanding the annual limitation on building permits contained in Section 17.36.060 of this chapter. (Ord. 2054 § 2, 2012)

“Use” means the purpose for which a site or structure is arranged, designed, intended, constructed, erected, moved, altered or enlarged, or for which either a site or a structure is or may be occupied or maintained. (Prior code § 2-5.30(e))

18.08.595 Use, accessory.

“Accessory use” means a use which is appropriate, subordinate, and customarily incidental to the main use of the site and which is located on the same site as the main use. (Prior code § 2-5.31(a))

18.08.600 Width.

“Width” means the horizontal distance between the side property lines of a site measured at right angles to the depth at a point midway between the front and rear property lines. (Prior code § 2-5.31(c))

18.08.605 Wind energy facility.

“Wind energy facility” means one or more electrical power generators that convert wind into electricity through the utilization of a shaft turned by blades or similar structure, which are turned by wind. (Ord. 1880, 2003)

18.08.607 Yard.

“Yard” means an open space on the same site as a structure, unoccupied and unobstructed by structures from the ground upward or from the floor level of the structure requiring the yard upward, except as otherwise provided in this chapter, including a “front yard,” “side yard,” “rear yard” or space between structures. (Ord. 1880, 2003; prior code § 2-5.31(d))

18.08.610 Yard, front.

“Front yard” means a yard extending across the full width of a site, the depth of which is the minimum horizontal distance between the front property line and a line parallel thereto on the site. (Prior code § 2-5.31(e))

18.08.615 Yard, rear.

“Rear yard” means a yard extending across the full width of a site, the depth of which is the minimum horizontal distance between the rear property line and a line parallel thereto on the site. (Prior code § 2-5.32(a))

18.08.620 Yard, side.

“Side yard” means a yard extending from the rear line of the required front yard or the front property line of the site where no front yard is required, to the front line of the required rear yard, or the rear property line of the site where no rear yard is required, the width of which is the minimum horizontal distance between the side property line and a line parallel thereto on the site. On the street side of a corner lot the side yard shall extend from the rear line of the required front yard, or the front property line where no front yard is required, to the rear property line of the site. (Ord. 1182 § 2, 1985; prior code § 2-5.32(b))

- 18.44.140 Design review.**

18.44.010 Purpose.

In addition to the objectives prescribed in Section 18.04.010 of this title, the C commercial districts are included in this title to achieve the following purposes:

- A. To provide appropriately located areas for retail stores, offices, service establishments, amusement establishments, and wholesale businesses, offering commodities and services required by residents of the city and its surrounding market area;
- B. To provide opportunities for retail stores, offices, service establishments, amusement establishments, and wholesale businesses to concentrate for the convenience of the public and in mutually beneficial relationship to each other;
- C. To provide space for community facilities and institutions that appropriately may be located in commercial areas;
- D. To provide adequate space to meet the needs of modern commercial development, including off-street parking and truck loading areas;
- E. To minimize traffic congestion and to avoid overloading of utilities by preventing the construction of buildings of excessive size in relation to the amount of land around them;
- F. To protect commercial properties from noise, odor, dust, dirt, smoke, vibration, heat, glare, heavy truck traffic, and other objectionable influences incidental to industrial uses;
- G. To protect commercial properties from fire, explosion, noxious fumes, and other hazards. (Prior code § 2-7.00)

18.44.020 Special purpose—C-N neighborhood commercial district.

The purpose of the C-N neighborhood commercial district is as follows:

- A. To provide appropriately located areas for retail stores, offices, and personal service establishments patronized primarily by residents of the immediate area;
- B. To permit development of neighborhood shopping centers of the size and in the appropriate locations shown on the general plan, according to standards that minimize adverse impact on adjoining residential uses. (Prior code § 2-7.01)

18.44.030 Special purpose—C-C central commercial district.

The purpose of the C-C central commercial district is as follows:

- A. To maintain compactness and encourage more intensive development in Pleasanton's central business district;
- B. To maximize the efficiency of the central district by limiting or prohibiting uses that break the continuity of commercial frontage or are incompatible with an attractive pedestrian shopping area;
- C. To facilitate the establishment of assessment districts for provision of off-street parking facilities by limiting or prohibiting drive-in type uses that would not benefit substantially from public off-street parking facilities. (Prior code § 2-7.02)

18.44.040 Special purpose—C-R regional commercial district.

The purpose of the C-R regional commercial district is as follows:

- A. To provide a large site at an appropriate location for a major shopping center drawing trade from the entire Amador-Livermore Valley;
- B. To ensure that a major center will be developed in accord with high standards of site planning, architecture, and landscape design;
- C. To minimize the adverse effect of major commercial facilities on nearby dwellings. (Prior code § 2-7.03)

18.44.050 Special purpose—C-S service commercial district.

The purpose of the C-S service commercial district is as follows:

- A. To provide appropriately located areas for commercial uses having features that are incompatible with the purposes of the other commercial districts;
- B. To provide sites for businesses that typically are not found in shopping centers, that usually have relatively large sites providing off-street parking, and that attract little or no pedestrian traffic. (Prior code § 2-7.04)

18.44.060 Special purpose—C-F freeway interchange commercial district.

The purpose of the C-F freeway interchange commercial district is as follows:

- A. To provide appropriately located areas for establishments catering to freeway travelers and tourists;
- B. To enhance the appearance of certain entrances to the city, and to protect motel and restaurant patrons from nuisances by limiting or prohibiting certain commercial service uses that often are unsightly or have nuisance features;
- C. To provide appropriately located areas for establishments that generally require large sites and do not require close proximity to other commercial uses. (Prior code § 2-7.05)

18.44.070 Special purpose—C-A automobile commercial district.

The purpose of the C-A Automobile Commercial District is to provide an opportunity for automobile dealers and closely related businesses to benefit from the proximity and high design standards possible in a shopping center type of automotive district. (Prior code § 2-7.06)

18.44.080 Required conditions.

- A. All uses shall comply with the regulations prescribed in Chapter 18.84 of this title, except in the C-R District where the zoning administrator and/or planning commission shall establish such regulations on a case-by-case basis in accordance with the purposes of Chapter 18.20 of this title.
- B. All uses, except as indicated below, shall be conducted entirely within a completely enclosed structure. Uses include, but are not limited to, all business transactions, services, processes and displays, but do not include off-street parking and loading areas.

1. Certain uses which by their nature require and ordinarily include outdoor activities (whether services, processes, display, or whatever) may conduct aspects of the business outside of a completely enclosed structure. Such uses include the following and such other similar uses as determined by the zoning administrator:
 - a. Service stations.
 - b. Outdoor dining areas as part of a restaurant.
 - c. Nurseries.
 - d. Garden shops.
 - e. Christmas tree sales lots.
 - f. Lumberyards.
 - g. Utility substations and equipment installations.
 - h. Amusement parks.
 - i. Auto sales, rental, or leasing.
 - j. Boat sales.
 - k. Drive-in theaters.
 - l. Outdoor art and craft shows.
 - m. Outdoor recreation and sports facilities.
 - n. Equipment rental yards.
 - o. Drive-in restaurants.
 - p. Stone and monument yards.
 - q. Commercial storage yards.
 - r. Mobilehome sales.
 - s. Truck and trailer sales.
 - t. Special downtown accessory entertainment uses. The uses listed in subsections (B)(1)(a) through (s) shall require design review and/or use permit approval pursuant to the procedures of this title. Special downtown accessory entertainment uses may require use permit approval pursuant to the procedures of this title, and/or design review approval if exterior changes are proposed.
 2. Temporary outdoor uses may be permitted pursuant to Section 18.116.040 of this title.
 3. Outdoor decorative displays for the purpose of enhancing the appearance of a structure or site, occupying no more than 50 square feet and not located in a public right-of-way or in any required parking area, will be allowed by the zoning administrator upon making the finding that such displays are not detrimental to the public health, safety or general welfare. Such displays shall not contain signing (unless they are submitted as a sign). The zoning administrator's decision with regard to what constitutes a decorative display may be appealed to the planning commission by the affected merchant or property owner. The requirements of Section 18.144.030 of this title shall not govern such an appeal.
- C. In a C-N district all products produced on the site of any of the permitted uses shall be sold primarily at retail on the site where produced.
- D. No use shall be permitted, and no process, equipment, or material shall be employed which is found by the planning commission to be objectionable to persons residing or working in the vicinity or injurious to property located in the vicinity by reason of odor, insect nuisance, fumes, dust, smoke, cinders, dirt, refuse, water-carried wastes, noise, vibration, illumination, glare, unsightliness, or heavy truck traffic, or to involve any hazard of fire or explosion. No exterior illumination closer than 200 feet to the boundaries of a site or interior illumination closer than 10 feet to a window within 200 feet of the boundary of a site and visible beyond the boundary of a site, whether related to a sign or not, shall exceed the intensity permitted by Chapter 18.96 of this title regarding illumination. (Ord. 2055 § 2, 2012; Ord. 1656 § 1, 1995; Ord. 1104 § 1, 1983; prior code § 2-7.07)

18.44.090 Permitted and conditional uses.

- A. Permitted and conditional uses in a C District are provided in Table 18.44.090 at the end of this section.
- B. Multi-family dwellings shall be permitted in the C-C district provided that there shall be not less than 1,000 square feet of site area per dwelling unit, and provided that dwelling units not located above a permitted nonresidential use shall be subjected to the requirements for usable open space per dwelling unit of the RM-1,500 district.

Yards and courts at and above the first level occupied by dwelling units shall be as required by Section 18.84.100 of this title, except that where no side or rear yard is required for a nonresidential use on the site, no side or rear yard need be provided except adjoining walls with openings.
- C. Any other use which is determined by the planning commission, as provided in Chapter 18.128 of this title, to be similar to the uses listed in this section shall be a permitted use or a conditional use in the districts in which the uses to which it is similar are permitted uses or conditional uses.

18.74.010 Purpose.

The purpose of this chapter is to create a zoning overlay district and strict regulations applicable to this district which will implement the general plan by assuring appropriate development consistent with the goals and policies of the general plan; deter the inappropriate demolition, destruction, alteration, misuse and neglect of architecturally interesting and significant structures in and the built context of the district; revitalize the economic growth and health of and foster civic pride in downtown Pleasanton; stabilize and enhance the value of property; create and renew proper relationships between tax revenues of real property and the cost of municipal services; implement the downtown hospitality guidelines by assuring special downtown accessory entertainment uses located in the downtown operate in a manner consistent with the intent of the downtown hospitality guidelines; and thereby promote and protect the health, safety, comfort, appearance and general welfare of the community. (Ord. 2055 § 2, 2012; Ord. 1225 § 1, 1985; prior code § 2-2.3401)

18.74.020 Creation of district.

There is hereby created a zoning overlay district known as the Downtown Pleasanton Revitalization district (hereinafter referred to as “district”) the boundaries of which are as follows:

Within this district are two overlay areas, the downtown hospitality central core area and the downtown hospitality transition area as designated on the downtown hospitality area map following this chapter. The downtown hospitality transition area overlay includes the public park, Civic Park, at the intersection of Main Street and Bernal Avenue. (Ord. 2055 § 2, 2012; Ord. 1225 § 1, 1985; prior code § 2-2.3402)

- C. The zoning administrator shall conduct a hearing to consider revocation of an adult entertainment establishment permit and make a written determination, including findings, in accordance with the findings indicated in Chapter 18.124 of this title. A copy of the written determination including the findings therefor shall be provided to the permittee. The permittee may appeal such determination as provided in Chapter 18.144 of this title. (Ord. 1603 § 1, 1993)

18.114.180 Exceptions.

The following are specifically excluded from the meaning of the term “adult entertainment establishment”:

- A. Physicians, surgeons, chiropractors, osteopaths, nurses or physical therapists who are duly licensed to practice their respective professions in the state of California and are practicing their respective professions;
- B. Any activity conducted or sponsored by any school district or other public agency. (Ord. 1603 § 1, 1993)

18.114.190 Severability.

If any provision or clause of this chapter or the application thereof to any person or circumstance is held to be unconstitutional or otherwise invalid by any court of competent jurisdiction, such invalidity shall not affect other chapter provisions or clauses or applications thereof which can be implemented without the invalid provision, clause or application, and to this end the provisions and clauses of this chapter are declared to be severable. 18.116.010 Temporary conditional uses.

The following temporary uses shall be permitted upon the granting of a use permit in accord with the provisions of section 18.124.170 of this title relating to temporary use permit:

- A. Temporary conditional uses in C districts prescribed in Section 18.44.090 of this title;
- B. Subdivision sales offices, and model home complexes; such uses shall be located so as to minimize their impact on adjoining occupied dwellings, generally a minimum separation of 200 feet;
- C. Construction yards located not less than 200 feet from any existing dwelling outside the subdivision;
- D. Nonresidential uses conducted in trailers, provided each use shall be a permitted use or a conditional use in the district in which it is located;
- E. Trailer residence of fair, circus or carnival personnel or Christmas tree sales personnel on the site of the principal use, or trailer residence of a watchman on the site of a construction project. (Ord. 1312 § 1, 1987; prior code § 2-10.22)

18.116.015 Temporary conditional uses in R districts—Home boutiques.

- A. “Home boutique” means and is defined as the indoor sale of homemade, nonimported craft and art goods whereby the legal tenant of the residence in which the boutique is operated must be one of the creators of the homemade goods. The operation, including sales and storage area, shall not occupy more than three rooms and the garage area of the residence in which it is conducted, nor be located closer than a half mile to any other home boutique operating on the same day.
- B. A home boutique may be permitted upon grant of a use permit where the findings listed in Section 18.124.070 of this title can be made by the zoning administrator.
- C. A permit for a home boutique shall authorize conduct of the use for a specified period not to exceed three days in any one calendar year.
- D. Notice of the proposed home boutique shall be sent by mail to all property owners shown on the last equalized assessment roll as owning real property within 300 feet of the exterior boundaries of the site of the proposed home boutique at least 10 days prior to the date on which the decision will be made on the use permit application.
- E. If a hearing is requested, a public hearing before the zoning administrator shall be held prior to a decision being made. No public hearing shall be held unless such a request is made.
- F. The use permit may be revocable or granted subject to such conditions as the zoning administrator may prescribe. Conditions may include, but shall not be limited to:
 1. Requiring that no structural alterations be made to the structure in order to accommodate the home boutique;
 2. A maximum of four signs, not less than 400 feet apart, and each sign no more than six square feet in area. These signs shall not be placed, used or maintained in any location upon public property, rights-of-way or

7. The event meets the requirements of the police and fire departments as to security, safety, noise, fire hazards, and emergency access; the event meets all applicable requirements of the building and fire codes; and the applicant has obtained all necessary permits.
 8. Outdoor sales/displays shall not obstruct vehicular or pedestrian ingress to/egress from any business or to the business district/shopping center, and shall make available sufficient parking for customers as determined by the zoning administrator.
 9. Outdoor sales/displays located on sidewalks shall meet the following physical requirements:
 - a. A four foot unobstructed sidewalk clearance for pedestrians shall be maintained at all times from a table, chair, bench, display, planter, or any other appurtenance used as part of a sidewalk sale/display and a two foot clearance shall be maintained from the face of curb to any such appurtenance.
 - b. No sale/display shall be located so as to block access to or from a building. A minimum unobstructed clear area shall be maintained which extends two feet to either side of both door jambs and eight feet perpendicularly from the door in a closed position.
 10. The property owner has approved the event in writing.
- C. Outdoor Sales During Hotel Conventions. Temporary outdoor display and/or sale of merchandise or services on a hotel site for which the applicant has obtained approval from the fire and police departments and which meet the following criteria shall be permitted at hotels.
1. Outdoor display and/or sale of merchandise or services shall be allowed only as part of a hotel convention or conference.
 2. The organization or association that holds the convention must be nonprofit or charitable or, if the organization or association holding the event is for profit, then the convention must entirely benefit (minus operating costs) a charitable organization. Individual vendors at a convention may be for profit businesses.
 3. Outdoor vendor areas are limited to convention attendees only and shall not be open to the general public.
 4. Temporary outdoor sales shall not last longer than five days.
 5. The zoning administrator has determined that the merchandise will be attractively displayed in an organized manner and has approved a decorating/sign plan for any signs or decorations proposed for the event. Allowable temporary signs are limited to: one nonilluminated "welcome" banner sign per convention and one nonilluminated identification sign per vendor during the event. The "welcome" banner may not exceed two feet in height by 10 feet in length, shall be affixed on the hotel building wall or windows, shall be located within 10 feet of the main hotel entrance, and shall be no higher than 12 feet above the ground floor grade. Individual vendor signs may not exceed eight square feet in area and shall be installed within the sales area of the individual vendor. Vendor signs shall be placed no higher than eight feet from grade and shall not be oriented towards or attempt to draw attention from any public street or freeway. The "welcome" and individual vendor signs may only be displayed during the outdoor event.
 6. The event meets the requirements of the police and fire departments as to security, safety, noise, fire hazards, and emergency access; the event meets all applicable requirements of the building and fire codes; and the applicant has obtained all necessary permits.
 7. Outdoor sales/displays shall not obstruct vehicular or pedestrian ingress to/egress from any business and shall make available sufficient parking for convention attendees and hotel guests as determined by the zoning administrator.
 8. The property owner has approved the event in writing. (Ord. 1906 § 2, 2004; Ord. 1694 § 1, 1996; Ord. 1511 § 2, 1991; prior code § 2-10.25)

18.116.050 Christmas tree sales in R-1 and RM districts.

Christmas tree sales lots may be approved in R-1 and RM districts by the zoning administrator, provided that the findings required by Section 18.124.070 of this title shall be made. The procedures and requirements for Christmas tree sales lots in R-1 and RM districts shall be as follows:

A. Procedure:

1. Notice of the proposed Christmas tree sales lot shall be sent by mail to all property owners shown on the last equalized assessment roll as owning real property within 300 feet of the exterior boundaries of the site of the proposed sales lot at least 10 days prior to the date on which the decision will be made on the use permit application.
2. If a hearing is requested, the zoning administrator shall schedule a public hearing to be held prior to a decision being made. No public hearing shall be held unless such a request is made.

B. Requirements:

1. The minimum setback between the Christmas tree sales lot and any existing residential use shall be 100 feet.
2. No permit shall be granted unless the operation of the outdoor sale will not be detrimental to the public health, safety and general welfare. Conditions may include, but shall not be limited to:
 - a. Review of site plan to access lighting and traffic circulation so as not to interfere with surrounding residential uses;
 - b. Requiring the organization to obtain a city business license;
 - c. Limitation of hours of operation. (Ord. 1443 § 3, 1989)

18.116.060 Special downtown accessory entertainment uses.

If expanded operation hours are requested for a special downtown accessory entertainment use which would otherwise adhere to the permitted use parameters in Table 18.44.090, the expanded hours may be approved by the zoning administrator provided the findings required by Section 18.124.070 are made by the zoning administrator, and the expanded hours are proposed for a special downtown accessory entertainment use in the downtown hospitality central core area; are proposed for a holiday celebration; are proposed in conjunction with a downtown special event; and/or effective noise attenuation is installed. Expanded operation hours shall be approved for no more than five calendar days a year. No public hearing shall be held unless requested by the zoning administrator.

No notification shall be required, unless a street closure is approved for the use. If a street closure is approved, at least two weeks prior to the event the applicant shall notify property owners and occupants within the downtown specific plan area about the street closure and provide a contact number for the event organizer or designee. The zoning administrator may waive the notification requirement if the applicant demonstrates to the satisfaction of the zoning administrator that such noticing will occur by the city of Pleasanton police department, other city of Pleasanton department, or the Pleasanton downtown association. (Ord. 2055 § 2, 2012)

18.124.060 Action of planning commission.

Within 40 days following the closing of a public hearing on a use permit application, the city planning commission shall act on the application. The commission may grant by resolution an application for a use permit as the use permit was applied for or in modified form, or the application may be denied. A use permit may be revocable, may be granted for a limited time period, or may be granted subject to such conditions as the commission may prescribe. Conditions may include, but shall not be limited to, requiring special yards, open spaces, buffers, fences, and walls; requiring installation and maintenance of landscaping; requiring street dedications and improvements; regulation of points of vehicular ingress and egress; regulation of traffic circulation; regulation of signs; regulation of hours of operation and methods of operation; control of potential nuisances; prescribing standards for maintenance of buildings and grounds; and prescription of development schedules. A use permit may not grant variances to the regulations prescribed by this chapter for fences, walls, hedges, screening, and landscaping; site area, width, frontage, and depth; front, rear, and side yards; basic floor area; height of structures; distances between structures; courts, usable open space; signs; or off-street parking facilities and off-street loading facilities, for which variance procedures are prescribed by Chapter 18.132 of this title. (Prior code § 2-11.07)

18.124.070 Findings.

The city planning commission shall make the following findings before granting a use permit:

- A. That the proposed location of the conditional use is in accordance with the objectives of this chapter and the purposes of the district in which the site is located;
- B. That the proposed location of the conditional use and the conditions under which it would be operated or maintained will not be detrimental to the public health, safety or welfare, or materially injurious to the properties or improvements in the vicinity;
- C. That the proposed conditional use will comply with each of the applicable provisions of this chapter. (Prior code § 2-11.08)

18.124.080 Effective date of use permit.

Within 10 days following the date of a decision of the planning commission on a use permit application, the secretary shall transmit written notice of the decision to the city council and to the applicant. A use permit shall become effective 15 days following the date on which the use permit was granted or on the day following the next meeting of the council, whichever is later, unless an appeal has been taken to the council, or unless the council shall elect to review the decision of the commission. A use permit shall become effective immediately after it is granted by the council. (Prior code § 2-11.09)

18.124.090 Review or appeal.

The city council may elect to review a decision of the planning commission as prescribed in Section 18.144.010 of this title, or a decision of the commission may be appealed to the city council by the applicant or by any other person as prescribed in Section 18.144.020 of this title. An appeal shall be heard and acted upon as prescribed in Sections 18.144.030 and 18.144.040 of this title. (Prior code § 2-11.10)

18.124.100 Lapse of use permit.

A use permit shall lapse and shall become void one year following the date on which the use permit became effective, unless prior to the expiration of one year a building permit is issued and construction is commenced and diligently pursued toward completion on the site which was the subject of the use permit application, or a certificate of occupancy is issued for the structure which was the subject of the use permit application, or the site is occupied if no building permit or certificate of occupancy is required, or the applicant or his or her successor has filed a request for extension with the zoning administrator pursuant to the provisions of Section 18.12.030. (Prior code § 2-11.11)

18.124.110 Preexisting conditional uses.

- A. A conditional use legally established prior to the effective date of the ordinance codified in this chapter, or subsequent amendments thereto, shall be permitted to continue, provided that it is operated and maintained in accord with the conditions prescribed at the time of its establishment, if any.
- B. Alteration or expansion of a preexisting conditional use shall be permitted only upon the granting of a use permit as prescribed in this chapter, provided that alterations not exceeding \$1,500.00 in value as determined by the building inspector shall be permitted without the granting of a use permit.
- C. A use permit shall be required for the reconstruction of a structure housing a preexisting conditional use if the structure is destroyed by fire or other calamity, by act of God, or by the public enemy to a greater extent than 50 percent. The extent of damage or partial destruction shall be based upon the ratio of the estimated cost of restoring the structure to its condition prior to such damage or partial destruction to the estimated cost of duplicating the entire structure as it existed prior thereto. Estimates for this purpose shall be made by or shall be reviewed and approved by the community development director. (Ord. 2000 § 1, 2009; prior code § 2-11.12)

18.124.120 Modification of conditional use.

- A. Sections 18.124.020 through 18.124.090 of this chapter shall apply to an application for modification, expansion, or other change in a conditional use, provided that minor revisions or modifications may be approved by the zoning administrator if he or she determines that the changes would not affect the findings prescribed in Section 18.124.070 related to findings. If requested by the applicant, the zoning administrator shall modify all existing conditional use permits for bars which are: (1) in the downtown hospitality central core area and downtown hospitality transition area; and (2) which are proposed to be consistent with the downtown hospitality guidelines, as determined by the zoning administrator.
- B. For a bar or special downtown accessory entertainment use in the downtown hospitality central core and downtown hospitality transition area, if requested by the applicant, the zoning administrator shall modify all applicable sections of an existing conditional use permit related to subsequent planning commission review to include and be consistent with the following: notification of conditional use permit and noise standard violations verified by city enforcement staff shall be provided to the planning commission by city staff; the planning commission may schedule a public hearing to re-review the conditional use permit; and at the public hearing the planning commission may revoke or may modify a business' conditional use permit to require additional measures such as noise monitoring by the business owner if there was a noise violation.
- C. If the zoning administrator approves a modification of a conditional use permit for a bar in the downtown hospitality central core area or downtown hospitality transition area, he or she shall notify the planning commission and city council of the modification within ten days of the approval. (Ord. 2055 § 2, 2012; prior code § 2-11.13)

18.124.130 Suspension and revocation.

Upon violation of any applicable provision of this chapter, or, if granted subject to conditions, upon failure to comply with conditions, a use permit shall be suspended automatically. The planning commission shall hold a public hearing within 40 days, in accord with the procedure prescribed in Section 18.124.040, and if not satisfied that the regulation, general provision or condition is being complied with, may revoke the use permit or take such action as may be necessary to ensure compliance with the regulation, general provision or condition. Within ten days following the date of a decision of the commission revoking a use permit, the secretary shall transmit to the city council written notice of the decision. The decision shall become final 15 days following the date on which the use permit was revoked or on the day following the next meeting of the council, whichever is later, unless an appeal has been taken to the council, or unless the council shall elect to review and decline to affirm the decision of the commission, in which cases Section 18.124.090 shall apply. (Prior code § 2-11.14)

18.124.140 Denial—New application.

Following the denial of a use permit application or the revocation of a use permit, no application for a use permit for the same or substantially the same conditional use on the same or substantially the same site shall be filed within one year from the date of denial or revocation of the use permit. (Prior code § 2-11.15)

18.124.150 Use permit to run with land.

A use permit granted pursuant to the provisions of this chapter shall run with the land and shall continue to be valid upon a change of ownership of the site or structure which was the subject of the use permit application. (Prior code § 2-11.16)

18.124.160 Application with zoning reclassification.

Application for a use permit may be made at the same time as application for a change in district boundaries including the same property, in which case the planning commission shall hold the public hearing on the zoning reclassification and the use permit at the same meeting and may combine the two hearings. For the purposes of this section, the date of the commission decision on the use permit application shall be deemed to be the same as the date of enactment by the city council of an ordinance changing the district boundaries, provided that if the council modifies a recommen-
