

RESOLUTION NO. PC-2018-__

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF PLEASANTON
APPROVING A CONDITIONAL USE PERMIT FOR
TODD UTIKAL FOR SIDETRACK BAR AND GRILL LOCATED AT 30 W. ANGELA STREET,
AS FILED UNDER CASE NO. P18-0156

WHEREAS, on May 24, 2018, Todd Utikal, representing SideTrack Bar and Grill, applied for Conditional Use Permit approval to serve alcohol past 11 p.m. at a new restaurant located at 30 W. Angela Street; and

WHEREAS, zoning for the property is C-C (Central Commercial) District; and

WHEREAS, the project is categorically exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15301, (Existing Facilities), since the project would not result in the expansion of the exterior or the building and/or would be limited to interior alternations of the existing building. Therefore, no additional environmental review is required; and

WHEREAS, on July 25, 2018, the Planning Commission held a duly-noticed public hearing and considered relevant exhibits, recommendations of the City staff concerning this application, and received testimony from the applicant and interested parties; and

NOW, THEREFORE BE IT RESOLVED by the Planning Commission of the City of Pleasanton, based on the entire record of proceedings, including the oral and written staff reports and all public comment and testimony:

Section 1: Findings for Conditional Use Permit Approval

With respect to the approval of P18-0156, the Planning Commission makes the following findings as required by Section 18.124.070 of the Pleasanton Municipal Code:

- A. That the proposed location of the conditional use is in accordance with the objectives of the zoning ordinance and the purpose of the district in which the site is located.

Some of the objectives of the zoning ordinance are to: foster a harmonious, convenient, workable relationship among land uses, protect existing land uses from inharmonious influences and harmful intrusions, and ensure that public and private lands ultimately are used for the purposes which are most appropriate and beneficial to the city as a whole. As conditioned, the Planning Commission finds the proposed restaurant would be consistent with these objectives.

The subject site is zoned C-C and is located in downtown, which permits a variety of commercial, office, and residential uses. Restaurants are in accordance with the purposes of the C-C District in that they offer goods and services to the residents of Pleasanton and surrounding areas. As conditioned, the Planning Commission finds the operation of the proposed use would be consistent with the Downtown Specific Plan's

goals, and the objectives of the Downtown Hospitality Guidelines to increase the economic diversity and vitality of the downtown area. The proposed conditions of approval for the project provide the City the ability to ensure that the proposed use meets its conditions of approval.

- B. That the proposed location of the conditional use and the conditions under which it would be operated or maintained will not be detrimental to the public health, safety, or welfare, or materially injurious to the properties or improvements in the vicinity.

As conditioned, the Planning Commission finds that the proposal will not have a detrimental impact to the public health, safety, or welfare, or be materially injurious to the properties or improvements in the vicinity. In particular, conditions require adherence to hours of operation to mitigate for possible impacts to adjacent uses and/or properties. The project, as conditioned, would operate in accordance with the standards set forth in the Downtown Hospitality Guidelines that were developed with the specific intent to avoid and minimize adverse effects of uses such as restaurants with later alcohol service hours, on adjacent residential uses. The restaurant is required to adhere to the City's Noise Ordinance, which was designed to protect the peace, health, safety, and welfare of the citizens of the City. Furthermore, if a conflict arises with the operation of the business, a condition of approval allows the Director of Community Development to determine if the proposal needs to return to the Planning Commission for further consideration or additional mitigation measures.

- C. That the proposed conditional use will comply with each of the applicable provisions of the zoning ordinance.

The site's zoning conditionally permits the establishment of restaurants which serve alcohol past 11 p.m. Granting a CUP for the restaurant would be consistent with the City's ability to regulate zoning as listed in Chapter 18.124 of the Municipal Code. In addition, the Planning Commission finds that, as conditioned, the proposed use will comply with all provisions and requirements of the City's zoning ordinance and Downtown Hospitality Guidelines.

Angela Street, subject to the Conditions of Approval shown in Attachment 1, attached hereto and made part of this case by reference.
