Complete planning process to connect BART to the new Valley-Link Light-Rail Authority	Monitor and mitigate Pleasanton impacts throughout the planning process, working with Dublin, Livermore and other representatives.	CDD	Yes	A	In October 2017 the Governor signed Assembly Bill 758 which created The Tri-Valley San Joaquin Valley Regional Rail Authority. This new authority has been created for the sole purpose of connecting Bart to ACE. The Authority has selected a hybrid powered, multiple-unit vehicle technology with the ability to convert to fully electric power in the future. Valley Link is proposing to provide a new rail service from the existing Dublin / Pleasanton BART Station to San Joaquin County, utilizing existing rights-of-way in the center of the I-580 corridor to provide connectivity between ACE and Bart. Valley Link is proposed to provide frequent, all-day regional rail. service with future expansion all the way to Lathrop in the Central Valley. On September 4, 2018, the City Council voted to support the decision of the Rail Authority to pursue a single-track Multiple Unit rail system extending from Pleasanton to Lathrop as opposed to an extension of the conventional BART system. Authority staff and their consulting team are working on a Feasibility Study required by AB 758 to be completed by July 2019. Work has also begun on individual station design and the project environmental impact report which is expected to be completed in 2019.	X	X	X	X	X	5

Design 2nd Bernal Bridge	The existing Bernal Avenue bridge across the Arroyo de Laguna was built in 1941 and provides one lane for vehicle traffic in each direction, and a pedestrian sidewalk on the south side of the bridge only. It is proposed that a second bridge be built on the south side of the existing bridge, which would include two lanes for eastbound traffic, a bike lane, and a pedestrian sidewalk. The first phase of this project will be to analyze design alternatives for the second bridge. Subsequent phases will include the design of the preferred alternative, and obtain required regulatory permits, and construction of the bridge. The existing bridge is an older truss style bridge which was common for its vintage, and many people still see the truss bridge as aesthetically pleasing. However it is envisioned the second bridge will be to today's standards with care given to aesthetically complement the existing truss bridge, but not try to replicate it.	ENG	Yes	B	Underway. Develop Framework, Recommendations and Implementation Plan to Reduce Homelessness in Pleasanton	Continue to address Homelessness through Street Outreach Team program, work collaboratively with Dublin, Livermore and Alameda County on a regional approach to addressing homelessness in the Tri-Valley (Coordinated Entry System for Homeless Program).	CMO/LR	No	A	The Pleasanton Homeless Outreach Team continues to meet quarterly to discuss ongoing issues and how emerging needs may be addressed. The team triages information received regarding homeless persons in the community and refers them to the appropriate city staff person or service provider. City staff, in conjunction with CityServe, secured county impact funds for case management as well as the State Homeless Emergency Aid Program. Abode Services which conducts the street outreach for the city through a Housing and Human Services Grant will end their outreach service on June 30, 2019 and CityServe will replace Abode. Abode Services will remain the contract for the Coordinated Entry System for the homeless program for the Tri-Valley. Staff is working with the Cities of Livermore and Dublin and our non-profit and faith-based partners. Multiple City staff participated in the January 30, 2019 Alameda County Homeless Point In Time County. Coordinated efforts are underway to create a draft framework to address homelessness in the City of Pleasanton for review by the housing and Human Services Commissions and City Council. Remove City Hall Modular Buildings	Relocate IT department staff and some members of the Library and Community Services department staff so the two existing modular buildings at the downtown City Hall site can be demolished and removed.	CMO/ ENG/ OSD	Yes	C	With the newly combined Library and Recreation Department it has been determined that the Recreation staff members in the modular office behind 200 Old Bernal Ave. will be relocated into a remodeled offices in the library. City Council approved a design contract for the library remodel on December 4, 2018. Plans and specifications are being developed for the remodel, with anticipation that the construction will begin after summer programs at the library are complete in 2019. Staff should be able to move out of the modular into the library in early 2020. Planning staff will then move out of their offices in 200 Old Bernal into the modular to allow the Planning offices to be remodeled. This should be accomplished in 2020 and the modular behind 200 Old Bernal can then be removed. There are not yet plans for moving the IT Department staff and removing the modular on the corner of Main Street and Bernal Avenue.	X	X	X		X	4
