

# YOUTH COMMISSION AGENDA REPORT

March 10, 2021 Item 3

## TITLE: REVIEW AND ALLOCATE COMMUNITY GRANT FUNDS IN THE YOUTH CATEGORY FOR FISCAL YEAR 2021/2022

#### **SUMMARY**

This report summarizes the nine applications that were received for funding under the Community Grants Program in the Youth Category. The report provides a synopsis of the projects and recommended funding allocations.

#### **RECOMMENDATION**

Review and allocate community grant funds in the youth category for fiscal year 2021/2022.

#### FINANCIAL STATEMENT

There is \$42,198.96 budgeted in the Fiscal Year (FY) 2021/2022 Operating Budget for the Community Grant Program in the Youth Category.

#### **BACKGROUND**

In 1992, the City of Pleasanton initiated a formal funding application process for community-based organizations providing human services and cultural/arts programs promoting the City. These grant requests were reviewed annually by the Human Services Commission, with funding recommendations forwarded to the City Council for inclusion in the annual Operating Budget. Beginning in FY 1995/1996, the application process was extended to include both civic arts and youth services.

In June 2007, compliance protocols were approved authorizing each commission to identify, if appropriate, a list of additional or increased awards for consideration should funds become available. This protocol provided an opportunity for the commissions to recommend the reallocation of unused funds from a specific category, or from an incomplete or underachieved project. As such, each commission's task has been to critically review submitted applications in order to reach funding recommendations that make the most efficient and equitable use of the limited City grant funds.

The current application packet includes general information, mission statement, funding categories, evaluation/criteria, funding priorities and limitations for the Community Grant Program. Additionally, it defines the application review/evaluation process and clarifies funding accountability.

#### FISCAL YEAR 2021/2022 COMMUNITY GRANT PROGRAM

## Application Process

Applications were available online beginning November 20, 2020 and were due by 11:59 p.m. January 18, 2021. The Youth Commission reviewed and evaluated the applications on-line in Zoomgrants. The FY 2021/2022 application process allowed time for agencies to prepare applications, City staff to evaluate, and commissioners to review prior to the March Youth Commission meeting. Applicants have also been notified if their agency must make a presentation to the Youth Commission at the March 10 meeting. All Youth Grant applicants are required to attend this meeting, though not all are required to present.

## Funding Guidelines and Priorities

In evaluating applications for this category, the Youth Commission considers programs designed to encourage and promote services that benefit the Pleasanton youth community, with added emphasis on projects that address goals and strategies outlined in the Youth Master Plan. Funding levels remained at a maximum of \$7,500 per grant request.

#### Analysis of Project Applications

The evaluation process for the FY 2021/2022 Community Grant Program includes an assessment by commissioners of each application received using ZoomGrants. Staff has also reviewed the applications and prepared recommendations for commission consideration.

#### DISCUSSION

A total of nine applications from six different agencies were received by the January 18, 2021 deadline, totaling \$61,700. Staff reviewed the applications using the same criteria as the commission, but additionally assessed application completeness and technical merit. The relationship of the grant request to total agency and proposed project budgets, and the number of Pleasanton residents served proportionate to requested funding amount was also considered.

Data was collected from ZoomGrants regarding the Youth Commission's tentative "Votes", "Average Recommended Funding", and the "Olympic Average" (this is calculated in Zoomgrants eliminating the high and low funding recommendation and then taking the average). The commission may choose to use this data as a starting point for discussion towards making its final funding recommendation.

This year staff has provided a recommendation for funding, totaling the allocated \$42,198.96 Agencies and their respective projects/programs listed below, are provided in the order received.

#### **GRANT APPLICATIONS**

Hively	Requested Funds:	\$5,200
Helping Kids Build Resilience During and After the	Tentative Votes: 13	for / 0 against
COVID-19 Pandemic	Average Funding:	\$4,265
	Olympic Average:	\$4,543
	Staff Recommendation	on: \$4 200

#### Program Description:

Hively is seeking to address the critical mental health issues of anxiety and depression in children of all ages by offering targeted, skills-based workshops that build resilience and strengthen social skills and foster emotional and physical well-being. Nearly two-thirds of Americans report feeling that their mental health has suffered during the Covid-19 pandemic. This is true for children as well as adults and Hively is uniquely positioned to help children and teens in the Pleasanton community by offering programming specifically focused on building resilience and improving their emotional and physical well-being.

#### Staff Comments:

The application and all documents were completed and submitted on time. With a request of \$5,200 and estimated number of youths served in Pleasanton at 240, the cost per resident is \$21.67.

This grant meets the following Youth Master Plan Goal: 2 - Healthy and Safe Youth.

**Hively** Requested Funds: \$7,500

Early Childhood Literacy Tentative Votes: 13 for / 0 against

Average Funding: \$4,775
Olympic Average: \$4,946

Staff Recommendation: \$4,698.96

### Program Description:

Studies show that by the time they are age five, children who have five books a day read to them may hear 1.4 million words more than children who are not read to. Hively is uniquely positioned to address early literacy disparities by providing books and reading clubs for parents and childcare professionals to help bridge this million-word gap. Low-income children who fall behind in reading level by third grade are more likely to drop out of high school and more likely to be incarcerated as adults, and Hively is aggressively working to get books into the hands of both caregivers and families so that ALL Pleasanton children will be kindergarten ready and primed for success.

#### Staff Comments:

The application and all documents were completed and submitted on time. With a request of \$7,500 and estimated number of youths served in Pleasanton at 250, the cost per resident is \$30.00.
