

# Bicycle, Pedestrian & Trails Committee Agenda Report

---

June 28, 2021  
Item 6

## **SUBJECT: REVIEW OF BICYCLE LANE INSTALLATION CONCURRENT WITH ROAD RESURFACING PROJECTS**

---

### **SUMMARY**

The City of Pleasanton performs annual projects to resurface City streets to assure conformance with City maintenance standards. After the street segments are resurfaced, new lane striping must be installed to delineate vehicle travel lanes. As part of the lane restriping, on-street bicycle lanes are installed where feasible and in accordance with the recommendations of the Pleasanton Pedestrian and Bicycle Master Plan.

In 2021, several of the City roadways are planned for resurfacing. Staff is providing the BPTC with the striping plan sheets that include the addition of new buffered bicycle facilities for review (see Attachment A)

### **RECOMMENDATION**

It is recommended that the Bicycle, Pedestrian & Trails Committee receive this information and provide feedback as necessary.

### **ACTION**

No action required – informational item only.
